FLAG CAME DOWN

ADMIRAL SAMPSON DIPS TO ADMIRAL HOWISON.

CRUISER CHICAGO ARRIVES

HOWISON IS SENIOR AND IN COMMAND OF FLEET.

WILL NOT CHANGE PROGRAM

SAMPSON WILL BE CHIEF OF NAVAL PARADE.

New York, Sept. 27. The United States cruiser Chicago, flagship of Rear Admiral Howison, reached this port today from a long cruise, during which she touched the coast of Africa and visited Port Said. The cruiser proceeded immediately to the government anchorage off Tompkinsville, S. I., and took a position astern of the old ship Lancaster.

A few moments later the blue flag of Rear Admiral Sampson's ship, the New York, was lowered and a red flag substituted, indicating that Sampson was no longer in command of the fleet here.

As the Chicago was proceeding up the lower bay she was mistaken by the officers of the forts for the Olympia, Dewey's flagship, and an admiral's salute of seventeen guns was fired.

The salute was returned by the Chicago and was a signal for a general demonstration along the shore. Cannon were fired and small arms discharged while the ferry boats and railroad engines started a deafening chorus of whistles.

It was explained today that while both Admiral Dewey and Rear Admiral Howison outrank Admiral Sampson, there would be no change in the arrangements giving Rear Admiral Sampson full control of the naval portion of the naval demonstration in Admiral Dewey's honor. Rear Admiral Howison will be a guest at the ceremony, but his presence will not interfere with Admiral Sampson.

THE BICYCLE PARADE.

The committee having in charge the bicycle parade, held a meeting this morning and decided upon the line of march. The parade will form on Berry street with the right resting on Harrison street, start east on Berry to Calhoun, south to Washington street, west to Rockhill, north to Wayne, east to Griffith, north to Berry, east to Calhoun, south to Montgomery, east to Barr, north to Wayne, east to Monroe, north to Berry, west to starting point, past the judge's stand. The judges will be Messrs. Fred Beach, John L. Hanna and Sam Wolf. The following committees have been appointed to wait upon the professional men to ask them to participate in the parade Dentists, Drs. W. W. Shryock, W. W. Mungen and Ed Rabus; physicians, Drs. Drayer, English and Sivets Committees have also been appointed to visit the Bass Foundry and Machine works, Electric Light and Pennsylvania shops and also the barbers.

STRANGERS UNDER ARREST

Detectives Coling and Wilkinson last night arrested four young fellows who were loafing about the Nickel Plate railway In police court this morning they said they were from Detroit and gave the following names Charles Vaughn, Walter Markle, Avia Foskee and Edward Bialey. Mayor Scherer ordered the lads to leave the city at once and they were given their freedom

William Fitzgerald, Frank Haynes and William O'Neill, train climbers arrested by Detective Fuschober, were sent to jail for sixteen days.

MADE ANOTHER RAID.

Sergeants Harkenrider and Stevens and Officer Borgman last night raided Daisy Osborne's rooms on East Columbia street and Eva Davis' rooms on Clinton street. Two women and one man were arrested at each place. The sextette put up and forfeited by not appearing in police court this morning

A MONSTROUS MUSHROOM.

Senator Ellison brought to the city a huge mushroom which had been grown on Mondamin Meadows, his dairy farm. The mushroom measured 57½ inches across the top one way and 48 inches the other and weighed 11 pounds, 6½ ounces. Mr. Ellison distributed the monster among his friends in the west end of the city and the entire neighborhood are enjoying mushroom with their meals.

MUST GET TAGS.

Mayor Scherer this morning instructed Superintendent Gorsline to issue an order to all patrolmen to arrest any person riding a wheel or driving a horse and buggy for which no tag had been procured. Comptroller Beighoff is desirous of arresting first some person who is in the agreement to fight the law and Detective Coling is on the lookout for one of these riders. The tags must be procured at once as arrests will be made commencing tomorrow.

GATHERED IN THE COURTS.

WILL TAME WILDEST HORSES

UNIQUE ENTERTAINMENT AT PRINCESS RINK.

Gleason, the World's Greatest Horse Tamer, in Fort Wayne Thursday Evening

At Princess rink Thursday evening Fort Wayne will have an opportunity of witnessing an exhibition of the marvelous skill of Gleason, the world's greatest horse tamer, who brings with him the largest company of expert horse trainers ever seen in the city.

A three-hour entertainment is given, in which the experts show the methods employed in training wild, vicious and nervous horses. It is quite unlike any other exhibition, and is sure to furnish some startling amusement. Five of the most vicious horses in Fort Wayne are to meet the world's greatest horse tamer on this occasion and three vicious, kicking and runaway horses will be brought into subjection by the horseman's skill.

Margaret Kline has been appointed guardian of Edgar F. Kline.

PLEA FOR CARTER.

WAYNE M'VEAGH BEFORE THE ATTORNEY GENERAL.

HE SPEAKS OF INJUSTICE

WANTS TRIAL BEFORE CIVIL TRIBUNAL.

ARMY COURT INCOMPETENT

TAKES A SHOT AT THE WAR DEPARTMENT.

Washington, Sept. 27.—Attorney General Griggs today gave a hearing to Hon. Wayne MacVeagh, counsel in the court martial case of Capt. O. M. Carter, of the army. Mr. MacVeagh asked for a judicial hearing in the case, saying that if the president affirmed the proceedings he would be guilty of an act of great cruelty and wrong The record was, he contended, so saturated with errors of law that it is impossible in a country governed by law to affirm the finding

Before proceeding with his argument proper, he corrected what he designated as erroneous reports concerning the case. The first of these to which he gave his attention was a statement that Secretary Alger had allowed Captain Carter to take away and keep possession of the record of the case. This was, he said, absolutely untrue. The counsel for the accused had never seen the original record and had received no favors. It was also false that the representatives of Captain Carter had importuned the president in the captain's behalf. On the contrary, the only pressure brought to bear upon the president was from the other side, for the affirmation of the finding.

He recited eleven instances of what he termed positive inventions retailed to the correspondents of the newspapers during the past eighteen months.

Sooner or later he expected to reveal the authors of these reports and expose their motives and then to hold them as a body responsible for their truth. He had thought of asking the new secretary of war to signalize his entrance upon his duties by posting this notice over the doors of two of the divisions of the department:

"No falsehoods shall be disseminated from this office during office hours."

MacVeagh also denied that the finding of the court had been unanimous, notwithstanding he said the war department had so stated

In asking that the court martial verdict be set aside Mr. MacVeagh urged the unfitness of such a court composed of men untrained in the law, to deal with questions such as those involved in this case. The findings of such a court have no validity and carry no weight.

The findings were based on a jumble of incongruous and discordant charges, ranging from embezzlement and deceit in the smallest matters to charges of conspiracy of immense magnitude.

In reply to a question from the attorney general, MacVeagh admitted that no objection to the misjoinder of charges had been made in the court martial.

Mr. Griggs suggested that the objection should have been made at that time, adding that he was expressing no opinion upon the merits of the points at issue.

Continuing, Mr. MacVeagh said that only a fair trial was asked and a fair trial could not be had upon such a collection of charges as had been made in the case. Mr. MacVeagh also dwelt upon the point that the charges were brought, notwithstanding the statute of limitations. He contended that "the flagrant violation of this act of congress was sufficient to vitiate the proceedings."

He had no doubt that Captain Carter was convicted from the time he pleaded this statute before the court, but this was done under advice and was at least legitimate. With reference to the checks issued by Captain Carter, Mr. MacVeagh contended that he could not under the law have avoided their issuance.

The same was true of every act performed by him in this connection: not one act was optional. Speaking of the high prices paid for service by Captain Carter, Mr. MacVeagh said they were paid on lettings after advertising; hence the profits of the contractors were not legitimate evidence against the officer in charge.

Moreover, in many instances the prices paid were no higher than those paid for similar services by other officers in like cases.

HECLA WILL SEND SOLDIERS.

The only enlistment today was that of Paul Huefner, of this city, who will join the volunteers. An applicant from Hecla, a little village in Whitley county, could not pass the examining surgeon, but he informed Sergeant Stewart that within a few days a number of young men from his town are coming to this city to enter the volunteer service. Lieutenant Rowell will swear in the new recruits Saturday morning.

Mrs. Hugh Welch, of 29 Holman street, is visiting friends in Toledo.

Don, the ten-year-old son of Mr and Mrs. F. L. Jones, of Haogland avenue, fell in his yard at his home, while playing with a number of companions, Tuesday morning, breaking his right arm. Dr. English was summoned to attend the injury.

DEATHS AND FUNERALS.

VEVIA.

Friends in this city were notified Tuesday evening of the death of Mrs. Mary Vevia at her home at Muskegon, Mich. She was the wife of Frank Vevia, at one time a Pennsylvania conductor residing in Fort Wayne. Peter Travis, the Pennsylvania conductor, is a brother of the deceased.

SAVERCOOL.

Mrs. E. M. Savercool died Tuesday at her home in Boston. She was the wife of the eastern manager of the S. F. Bowser Manufacturing company, and was well known in Fort Wayne, where she resided previous to her marriage. Her maiden name was Emma Smith and she was the daughter of C. L. Smith, who has been dead several years. Her mother was for a number of years matron of Hope hospital. Mrs. Savercool spent the greater part of the past year in the northwest, and but recently started east with her husband. At Chicago she was taken ill, but recovered sufficiently to resume her journey. Reaching Boston she underwent an operation Monday in the hope of regaining her health, but grew worse and death ensued.

The remains will be brought to Fort Wayne for interment.

HARTMAN.

Cyril Clinton Hartman, the baby son of Mr. and Mrs. George Hartman, died Tuesday evening at the family home, 255 St. Mary's avenue. The little one's age was 11 months and 11 days, and death was due to congestive chills. Funeral services will be held from the residence Thursday morning at 9 o'clock. Interment at Prairie rove cemetery.

MEISNER.

Gottleib Meisner died from pneumonia at St. Joseph hospital early Tuesday morning, at the age of forty-two years. He leaves several children.

The funeral arrangements have not been made.

MOUSNEST.

Gottlieb Mousnest, 42 years of age, died at St. Joseph hospital at an early hour Wednesday morning, from pneumonia. He had been ill for several weeks Several children survive him. The funeral services will be held Thursday afternoon at 2 o'clock from the undertaking parlors of Shone & Veith. Interment at Lindenwood.

A representative of the Toledo Commercial called on Steve O'Connor, the news agent, and appointed him local agent for that paper. The Commercial was recently purchased by HonJohn R. McLean, owner of the Cincinnati Enquirer, who is the democratic candidate for governor of Ohio, and since the deal was made the paper is in every way a "ringer" for the Enquirer. "Red" is delighted upon getting the agency and says he will work up a good circulation for the Commercial in this city.

INCITE REBELLION.

FILIPINOS PREACH REVOLT AT MALABON.

BUT FIVE MILES FROM MANILA

ONLY A SMALL AMERICAN FORCE THERE.

MAYORS REFUSE TO SERVE

A HITCH IN THE RELEASE OF SPANISH PRISONERS.

Manila, Sept. 27.—6:12 p. m.—The insurgents are trying to incite the natives of Malabon, a city of 30,000 inhabitants, five miles from Manila, to rise against the American garrison. Captain Allen has been holding the place with two companies of the Sixteenth infantry; but on account of the need of all available men at the front, his force has been reduced to seventy men. They now remain near the big church, where they are quartered. Owing to few in number no attempt is made to patrol the town. Armed, uniformed parties of insurgents recently disembarked from cascoes during the night, collected money for the insurrection and preached revolt. Two mayors have been elected, but both of them declined to serve.

Malabon has been the shipping point whence provisions and other stuff are brought from Manila by trains and shipped into the hostile territory.

A HITCH IN THE PLANS.

Manila, Sept. 27.—9:55 a. m.—The American authorities have declined the request of General Jaramillo, the Spanish officer who is settling Spain's military affairs in the Philippine islands, to send a vessel under the Spanish flag to collect the Spanish prisoners at insurgent ports, as stipulated by the Filipinos, on the ground that the ports are closed, that such a step, therefore, would be unlawful and because they declined to accept the Filipinos' dictation.

The authorities are ready to send an American vessel.

The Spanish commission, therefore, will return to the insurgent lines and endeavor to effect an arrangement for the delivery of the prisoners on board an American vessel.

Aguinaldo has issued a statement saying the warlike activity of the Americans has prevented the concentration of the prisoners, as intended, but that they will be delivered up on October 19.

The Tagals of the island of Mindanoa have expressed their readiness to accept American sovereignty in exchange for protection against the harrassing Moros.

A native officer has offered Major General Otis 1,000 Macabebee tribesmen to fight the Tagals of the Laguna de Bay district.

The troops engaged in the fighting at Cebu belonged to the Nineteenth infantry, Sixth infantry, Twenty-third infantry and Sixth cavalry.

A YOUNG METHOD.

Crown and Bridge Work is comparatively young in dental methods, and only within a short time has it been perfected and become recognized for real value. It is especially difficult work calling for expert understanding of its principles and long practice to make perfect. The old fashioned dentist would rather advise against it than attempt it. We would rather perform such expert work than any we know, because we know how perfect its results may be made—and how to make them perfect.

The Theosophical society and Universal Brotherhood will hold a regular meeting tonight in Vordermark's hall, No. 32 Calhoun street. There will be interesting papers and discussions which the public is welcome to hear.

Rev. F. T. Simpson will preach at the Berry street M. E. church this evening at 7:30. This will be the beginning of the preparatory meeting for the quarterly communion service, which will occur on Sunday, the 24th. Rev. T. J. Johnson will preach Thursday evening and Rev. George Cocking, of New Haven, will preach Friday evening.

Friends in this city have received invitations for the marriage of Miss Edna Benton and Charles George Lohman, which will be solemnized at Indianapolis October 11th. The bride-to-be is a daughter of Mr. and Mrs. Walter Platt Benton and Mr. Lohman is well known in this city, where he was formerly a student at Concordia college.

Next Friday evening the City band will hold its annual business meeting and election of officers. Arrangements for a series of concerts at the Temple the coming winter will be made as far as possible at this early date. The band is also considering a proposition to join the Eintracht society in a grand concert to be given next month.

Tuesday while two young men were driving a horse hitched to a delivery wagon along Columbia street, near Barr, the animal became frightened at a street car and commenced to rear and plunge. The animal backed the wagon into the rear of the car and smashed the front of the vestibule, breaking several panes of glass in it. The horse finally broke loose from the rig and dashed onto the sidewalk, where it created considerable excitement until captured.

Admiral Dewey will be welcomed at any old hour of the day or night he may happen to arrive.

Admiral Dewey seems to be incorrigibly addicted to the habit of perpetrating surprises. Father Knickerbocker would not have been more astonished if he had got up yesterday morning to find somebody had pilfered the Brooklyn bridge than he was to find the Olympia with Admiral Dewey aboard was in the lower bay.

Those Tennessee boys who piled off their homeward-bound trasports to take a hand in the fighting near Cebu show how well and how quickly the American volunteer can learn his trade where there is business to do.

A century ago Adam Smith noted as a remarkable accomplishment the manufacture of 48,000 pins by ten men in a day. In these times it is considered an ordinary achievement for three men to make 7,500,000 pins in the same time. In like manner, when merchants began fifty years ago to advertise extensively people considered that action a remarkable exhibition of enterprise. But the scope and methods of newspaper advertising have radically changed since then. The needs of mankind have increased and become more varied. It is absolutely necessary therefore for the tradesman to make constant proclamation of the fact that he is in a position to supply at least some of those needs. He used a popular newspaper for that purpose, with profitable results.

The only reason General Shafter should not have the brougham he has asked the war department to furnish him appears to be that the army regulations do not provide for such a contingency. The case may be considered exceptional, however, as the regulations do not provide either for such a contingency as a general who has outgrown his ability to ride a horse. The regulations were already stretched a little when the commander of the department of California was allowed a team of horses and a buckboard for his personal use, and the only difference between a buckboard and a brougham costing $1,100 is one of price. Here is a chance for any automobile company realizing the value of advertising to furnish the general with an automobile free of charge.

WELCOME, ADMIRAL DEWEY.

Way out here in Indiana where we have no elaborate schedule of doings to be run by a stop-watch for the welcoming of Admiral Dewey, we are not in the least perturbed by his premature arrival in American waters. We are glad he is home. The noisy welcome New York has prepared for him will prove the trouble and expense that the people are willing to incur to show their delight at his coming, but the people east have no warmer heart for this superb fighter and grand American than the people of the west. And if Admiral Dewey will journey out this way he will get a demonstration that the folks in New York have no monopoly of the art of hilarious and hearty noise making.

Admiral Dewey returns to American soil after nearly two years' absence acclaimed the greatest of living Americans. No man in our country's history has been more beloved, and none with more for which to be loved. His splendid service in war, his sturdy patriotism and his modesty in a career that has added so much to the glory of American history endear him to his countrymen.

Welcome to Admiral Dewey.

TELEPHONE AND ITS USERS.

A recent compilation of facts concerning the use of the telephone in the United States gives certain figures which to the average person seems astounding. The telephone is part of the daily life of the people of this country, yet few fully appreciate the extent of its utilization. In 1880 there were in use under rental 60,873 telephones. Even this number seemed large, and when in 1881 it had increased to 132,692 there were not lacking persons who predicted that from that time forth the telephone's increase in popularity would be slow. But notwithstanding the judgment of the wiseacres, the telephone came into use more and more until at the close of 1898 the number in the hands of licensees of the Bell Telephone company was 1,124,846, an increase over the preceding year of 205,725. This number does not include the many thousands of subscribers to telephones in the independent companies. In Pennsylvania, Ohio, Indiana, Illinois and Michigan there are now scores of independent exchanges, some of them having an enormous clientele.

In 1885 there were in operation 137,223 miles of telephone wires, included in the overhead, underground and submarine systems, while at the beginning of the present year this mileage has grown to 1,158,000 miles. But more astonishing still are the figures showing the construction account of the American telephone companies, which indicate that since the Bell telephone first came into use no less than $111,159,309 has been expended for the establishment of lines and systems.

The telephone is an American invention and it is employed by Americans to a greater extent than by any other people. In England there are so few telephones in proportion to the population that thousands of persons are to be found right in the city of London who have never talked through nor seen them, even if they have heard of this invention which long ago lost its right to be called new. On the other hand, however, there are very few Americans who do not employ the telephone at least occasionally and thousands find it indispensable. If for any reason the telephone systems of this country should be put out of commission for a week or but for a few days, the confusion that would follow would be most unfortunate. Even a slight disturbance of the wires causes a great trouble and oftentimes means a large money loss. Of course, if the telephones were to be wiped out of existence we would learn to do without them, but it would be a rough and wholly undesirable experience, and realizing this Americans find it difficult to understand how in the world Englishmen and other foreigners manage to dispense with so great a time and trouble saving device.

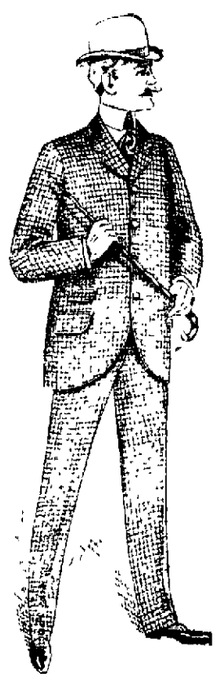
We are Ready With Advance Styles in Men's

Fall Clothing



There is character in every suit we show for Men's Fall wear, character that at once displays itself in the correct style, the thorough workmanship, the elegant materials, the perfect fit and the tailor-like hang of every garment. There is a large variety of suits to select from. Many of the styles are made expressly for us. Every stylish shape, every new shade and combination of colors is shown. Our prices are always the lowest.

$5 will buy a Fair Suit.

$8 50 will buy a Medium Grade.

$15 will buy a Suit good enough for anybody.

Lots of other prices, but the above are prices for three leaders. We can't tell you half about our suits here. What you want is what we aim to keep. We have been making clothing a study for years.

Fall Headgear.

Handling Hats—and headgear generally—in great quantities, as we do, we have established relations direct with the manufacturers—thus saving for the patrons of our house the average 25 per cent. profit of the jobbers from whom alone the ordinary retailer must buy his goods.

Our "Howard" $3 Hats

Are the usual $4.00 kinds of exclusive hatters—they appear in both Derby and Fedora styles—all the new Fall blocks. All the newest shades.

Our Men's $2.00 and $1.50 Hats come in the same shades and shapes and are quite as good values in proportion to the price you pay. We can save you from 50 cents to $1.00 on every hat you buy—if you will but buy it here.

MORE ATTRACTIONS.

Secretary Frank Purcell, of the Amusement association, left on Tuesday for Warsaw to secure entries for the horse races and to advertise the barbecue. While in Warsaw Mr. Purcell will secure the services of Nemo, a young lady whose specialty is to allow herself to be buried underground. She will be buried every morning and will be disinterred in the afternoon after the races. The handsome prizes for the bicycle parade in the window of Sam, Pete & Max, the clothiers, have attracted a good deal of attention among the wheelmen and a great many numbers have been given out by Pickard Bros. and the Randall Wheel company. Circular letters have been sent out to the different bicycle dealers of the city requesting them to assemble the riders of the particular make of wheels for which they are agents on the day of the parade, and each separate group will ride under its own banner. Angus McPherson, official representative of the association, left today for Kendallville to advertise the races and secure entries. Willis Pearse is in Bluffton and is also securing entries for the races.

TALKED OF JAPAN.

Miss Mary C. Hollowell, who is a visitor in this country after a seven years' sojourn in Senddi, Japan, delivered an interesting lecture on the manners and customs of the Japanese in the Salem Reformed church Tuesday evening. Miss Hollowell spoke of the condition of women in Japan and gave a story of a Japanese woman from her earliest infancy to her old age. A Japanese woman has to learn four lessons of obedience, obedience to her father, to her oldest brother, to her husband and to her sons. Their marriage and divorce system is very simple. A Japanese thinks it is degrading to walk with a woman and this is one of their main objections to becoming Christians. There are two schools of the Reformed church in Senday, one for girls and one for boys. Miss Hollowell was a teacher in the girl's school and she said that missionary influence was gaining a great foothold among the younger generation of the Japanese and that more and more of the young people are being brought to Christ each year.

WEDDED TODAY.

Victor Allen, of this city, and Miss Josephine Cavalier, of Arcola, were united in marriage at Arcola this morning. The ceremony was performed in St. Patrick's church at Arcola at 8:30 o'clock. Mr. and Mrs. Allen will take up their residence on Montgomery street, in this city. The bride is a daughter of Victor Cavalier, of Arcola, and the parents of the groom, Mr. and Mrs. William Allen, reside at Coesse.

A VERY BOLD HORSE THIEF

SUPPOSED TO BE DRIVING EAST WITH THE ANIMAL.

The Thief Killed and Skinned His Own Horse After Stealing Another.

Gilbert Notestine, a Lagrange county farmer, was in Fort Wayne this morning hunting for a horse which had been stolen from his barn on the evening of Sunday, September 24. Mr. Notestine lives four miles from North Milford, Lagrange county, and near his place for a week was camped a huckster with a woman and two children. The huckster had an old broken down horse and it is supposed he saw a chance to better himself, for on Sunday evening the camping party disappeared and at the same time Mr. Notestine's horse disappeared. He didn't miss the animal until Sunday morning and immediately suspected the huckster. He followed the fellow toward Rome City and then lost track of him. Later he learned that the horse had been driven toward Churubusco and went to that town. At the farm of Nelson Hydeman, in Eel River township, this county, Mr. Notestine learned that the huckster had killed and skinned his own horse and started on east with Mr. Notestine's animal. They traced the outfit to Dunn's Mills, a few miles northwest of Fort Wayne, and there lost the trail. Mr. Notestine and Mr. Hydeman came to the city and notified the sheriff and postal cards were printed and sent to officers in towns for miles east, south and north of Fort Wayne. The horse is a big bay, seventeen hands high and weighs 1,300 pounds. He is about twelve years old. He is hitched to a three-spring huckster wagon and the supposed thief is between thirty and thirty-five years old.

DIPHTHERIA IN THE STATE.

Diphtheria has been reported to the state board of health as appearing in almost every county of the state within the last two weeks. In regard to this the forthcoming bulletin of the board will have this to say:

"The mortality is low, a result largely due to the now quite general use of anti-toxin. Investigation shows of those who, as physicians, nurses or otherwise, are associated with diphtheria patients, that 18 per cent. carry contagion in their throats. Unless, therefore, those who are in contact with the disease will spray their nostrils and throat with an antiseptic, they should be looked upon as dangerous. This spray should be in addition to precautions carrying the contagion on hands, beard, hair and clothes."

FOOTBALL ABOLISHED.

Middletown, Conn., Sept. 27. The athletic association of the Middletown high school passed a resolution that no more foot ball games shall be played this season. Games already scheduled have been cancelled. This action is due to the death of Thomas Kelly, a member of the foot ball team, who died at Meriden hospital from injuries received in the game with the Meriden high school team on Saturday last. Similar action is expected on the part of the Meriden high school.

VOLCANO DISCOVERED.

Victoria, B. C., Sept. 27.—The officers of the British warship Leander, which returned to Esquimault today from a cruiise in South American waters, reports that a volcano on James Island, one of the Galapagos group, became very active about three months ago, sending broad streams of lava down its sides. No damage was done, as the island is uninhabited. When the Leander was going into Calao the British bark Teneseran was found stranded off the Rimac river. For three days the Leander worked at her before, with the assistance of the steamer Baquin, she was saved.

Pure and Sweet

Is the Skin Scalp Hair and Hands Preserved Purified and Beautified by

Cuticura SOAP

It removes the cause of disfiguring eruptions, loss of hair and baby blemishes, viz.: The clogged, irritated, inflamed or sluggish condition of the PORES. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and most refreshing of flower odors. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic soap, however expensive, is to be compared with it for all the uses of the toilet, bath, and nursery. HAD A HOT TIME.

APPROPRIATIONS ORDINANCE FAILS TO PASS.

SECURED ONLY TEN VOTES

MAJORITY IS SQUELCHED BY MINORITY.

OLD ORDINANCE AND LEVY

WILL BE IN FORCE FOR THE YEAR 1900.

There was a warm time at the council meeting last evening, much warmer than one often sees in the usually uninteresting proceedings of the city dads. Mayor Scherer called a special meeting of the council to consider estimates for appropriations submitted by the various boards and six of the twenty members of the august body did not respond to roll call. The absentees were Councilmen Haag, Hayes, Hench, McMahon, O'Ryan and Scheid, most of whom were out of the city transacting business. During the afternoon members of the administration hustled about and secured the promise of enough members to guarantee a quorum and it was hoped that all would be serene at the meeting.

The finance committee had agreed on a report Monday evening fixing the levy at 97 cents and providing for a municipal light plant of 4½ cents. The estimate for park purposes had been cut from $10,000 to $9,000, the estimate of $720 for a meat inspector had been entirely wiped out and the estimate for electric lights had been cut $470. The city officials did not approve of this report and there was big hustle Tuesday to have it changed. Messrs. McMahon, Haag and Borkenstein agreed to cut the levy to 95 cents, cutting off 2 cents from the levy for a municipal light plant, recommending instead that "if" there was a surplus in the funds on January 1, 1900, an additional appropriation of $2,000 or $3,000 be made. Councilman Poirson favored the 95 cent levy, but declined to suport the proposition to cut off 2 cents from the municipal lighting plant fund. He accordingly brought in a long minority report calling attention principally to the $56,000 which had been secured as premium on the city bonds, but which the comptroller had not included in his estimates. Both the majority and minority reports were referred to the committee of the whole, which went into session to discuss the levy and appropriations. Councilman Wheelock was elected chairman and Councilman Lennart secretary. The session was a hot one, Councilmen Hosey, Poirson, Borkenstein, Buhr and Clark contending for a 4½ cent levy for municipal lighting purposes. Councilmen Wheelock and Ehrman made the fight against the increase. Councilman Wheelock said that he opposed the larger appropriation for the reason that it would place a few extra thousand dollars in the hands of the county treasurer on which he would get the interest. Mr. Ehrman believed that a larger levy for the purpose could be made next year and Messrs. Schuler and others were of the same opinion. After a prolonged debate a vote was taken and the 3½ cent advocates won 9 to 5. Mr. Hosey had made an effort to secure a reduction in the appropriation for street intersections, but received no support. Instead the majority of the committee placed back on the appropriations the $1,000 stricken from the park fund and $470 cut from the light fund and fixed the levy at 94 cents. Two reports of the committee of the whole were prepared and submitted to the council, the minority report securing only the signatures of Councilmen Borkenstein, Hosey and Poirson. Eleven members signed the majority report, which was read, and then Councilman Hosey asked that the minority report be read. There was opposition at once from Councilmen Wheelock, Bauer and others, who contended that the minority had right no right, according to parliamentary usage, to submit a report. Mayor Scherer declined to rule, but suggested that there was nothing wrong in reading the report. But the majority of the members were determined to have matters their own way and Councilman Bauer moved that the report be laid on the table without reading. The motion carried by a vote of 9 to 4, Councilman Clark declining to vote because he believed it was the mayor's duty to vote. Councilman Poirson had prepared an addition to the minority report signed by himself and he asked that this be read, but the majority was obdurate and Councilman Wheelock sarcastically explained that the majority were trying to save newspaper space at 17 cents an inch.

After the minority reports had been squelched a vote was ordered on the majority report, which read as follows:

MAJORITY REPORT.

Fort Wayne, Ind., Sept. 26, 1899.

To the Honorable Mayor and Common Council:

We, your committee of the whole, to whom was referred the report of the finance committee, and appropriation ordinance, respectfully report that we recommend the following changes in the report of the majority of said committee: That the item of park fund remain at $10,000; street light fund remain $27,300; and that the item of meat inspector be stricken out, and the levy be made as follows:

For general purposes and interest	84½ cents
For sinking fund	05 "
For Anthony Wayne monument fund	00¼ "
Firemen's pension fund	01 "
For municipal electric light fund	03½ "
Total	94 cents

We now recommend that the ordinance pass as amended above.

K. K. Wheelock, Chairman.
Wm. J. Lennart,
John J. Bauer,
Edw. J. Ehrman,
Frank X. Schuhler,
W. E. Gerding,
C. H. Buhr,
A. W. Clark,
Joseph F. Zurbuch,
D. S. Eckert,
Henry Schwartz.

The report was adopted by the following vote:

Ayes, 11, viz.: Bauer, Buhr, Clark, Eckert, Ehrman, Gerding, Lennart, Schuhler, Schwartz, Wheelock, Zurbuch.

Nays, 2: Hosey and Poirson.

Clerk Monning then proceeded to read the appropriation ordinance. During the discussion and the reading of the ordinance Councilmen Borkenstein and Zurbuch had left the council chamber believing probably that the end was in sight, but it wasn't. Only twelve members were present and when the names of Councilmen Hosey and Poirson were called each explained his attitude and refused to vote. There was no objection and the result was ten votes for the ordinance, which required eleven votes to pass. Mayor Scherer announced that the ordinance had failed to pass. Then Councilman Wheelock remembered that there was a rule which compelled members to vote either one way or the other unless excused by a two-thirds vote of the councilmen present and he hunted up the rule. Councilman Hosey said that he would not violate a rule of the council, but that it was too late to raise the objection as the ordinance had been declared lost. Councilman Wheelock moved to reconsider and the objection was again raised that he had voted for the ordinance and could not move to reconsider. The Eighth ward councilman then hunted up another rule of the council which permits the majority to make a motion to reconsider and the ordinance was reconsidered. A second vote was taken, the ordinance receiving ten votes and Councilmen Hosey and Poirson voting "nay." There wasn't enough votes to carry the ordinance and Mr. Hosey moved to adjourn until Friday evening, when more councilmen could be present and the necessary votes for the passage of the ordinance might be secured. He explained that he could not support the ordinance, but if a majority of the council favored it they should be allowed to muster the votes and pass it and he would be satisfied. He was advised that the old appropriation ordinance would be in effect if the new one was not passed and believed that if there were a majority of councilmen who desired the passage of the ordinance they could be given a chance to vote Friday evening.

Comptroller Berghoff gave Councilman Ehrman the tip to make a motion to adjourn and although some of the councilmen were desirous of voting on the ordinance fixing the levy they were not given the chance as the motion to adjourn carried and this adjournment killed all chances for appropriations this fall, unless an entirely new ordinance is introduced at some special meeting of the council to be held this week. The old ordinance provides for a 2½ cent levy for a municipal light plant and for $8,000 for parks.

Following is the minority report of the committee of the whole, which the majority refused to allow read:

MINORITY REPORT.

We, the minority of the committee of the whole, would respectfully report as follows: Making the municipal lighting plant fund levy 4½ cents on the hundred dollars and not 3½ cents; and the levy for all purposes 94 cents on the hundred dollars. This can be done by including the premium, $5,600, on bonds sold by the city as part of the funds available for the ensuing year. Respectfully,

William Hosey,
B. Borkenstein,
Peter F. Poirson.

CHILD'S TONGUE BITTEN OFF.

PAINFUL CONSEQUENCES OF A CHILD'S PLAY.

Little Son of Mr. and Mrs. John Linker Severs Its Tongue by a Fall.

At 4 o'clock Tuesday afternoon, Carlie, the four-year-old son of Mr. and Mrs. John Linker, residing at 20 Marion street, bit its tongue almost entirely in twain by a fall in front of the home. In addition to this, the child's mouth is badly lacerated and upon the chin is a severe gash, which the surgeons were obliged to close with stitches.

The child was playing in front of the Linker home, jumping from the crossing into the gutter. In the last of these jumps the lad fell, and its chin struck with frightful force upon a plank which was lying in the gutter. The child's teeth caught its tongue about midway between the tip and the root of the tongue, and the force of the fall so nearly severed it that only a few shreds of flesh remained holding the parts together.

Dr. Harrod and Dr. Kannel were summoned to attend the little one and the surgeons sewed the severed parts of the tongue together and closed the wound in the chin. It was a very painful operation, but the boy stood it well, and the physicians believe no serious consequences will follow if the child itself does not tear the stitches loose. The child's father is a bartender at Chisholm's saloon.

WORLD OF PRESBYTERIANS

REPRESENTED IN THE COUNCIL AT WASHINGTON.

Delegates Stand for Twenty-five Millions of That Creed—Opening of the Council.

Washington, Sept. 27.—Delegates representing 25,000,000 Presbyterians throughout the world assembled at 10:30 today in the New York Avenue Presbyterian church to attend the first session of the pan-Presbyterian alliance.

The church auditorium is one of the most commodious in the city and had been beautifully decorated for the occasion

The New York Avenue church in which the sessions of the alliance will be held is one of the most notable in the capital. It is the church which Lincoln attended when he was president, and the pew which he and his family occupied was an object of particular interest to the delegates when they assembled.

When the first session of the alliance convened today about 125 delegates had reported their arrival to the Rev. Dr. G. D. Mathews, general secretary.

It is expected by tomorrow 250 delegates will have reported.

The sessions of the alliance will last ten days. The body is purely deliberative, and not in any sense legislative.

Its capacity is entirely advisory.

The first session today was devotional in character, the services being in charge of the Rev. Dr. Wallace Radcliffe, pastor of the church in which the sessions are held.

The opening sermon was preached by the Rev. John DeWitt, D. D., professor of church history at Princeton Theological seminary, his subject being "The Attitude of Reformed Churches Toward the Bible."

At 2 o'clock this afternoon the first business session of the alliance was held.

The work of laying the brick on the big new addition to the feeble minded institute has been greatly retarded owing to the inability of the contractors in charge of the work to secure bricklayers. The force at work at the present time is very small and a much larger number will have to be put to work in order that the building may be completed in the time specified by the contract.

BOYS BURNED TO DEATH.

Evansville, Ind., Sept. 27.—Three boys were burned to death today in a fire which destroyed the dwelling of Michael Wiltze, a wealthy farmer living near Buckskin. Mr. and Mrs. Wiltze escaped, but their sons, aged 8 and 11 years, and John Griece, a 17 year old farm hand, perished.

WHAT DEWEY SAID

THE ADMIRAL ON SITUATION IN PHILIPPINES.

THINKS WAR WILL SOON END

NATIVES NOT YET FIT FOR SELF GOVERNMENT.

LAUGHS AT THE PRESIDENCY

CAN RUN WARSHIP, BUT NOT THE SHIP OF STATE.

New York, Sept. 27.—An evening paper prints the following as an interview with Admiral Dewey:

"As to the Philippines, I am no talker; never was. I have often wished that I could talk, but I have never made a speech, and I am too old to learn new tricks. You know as much about the Philippines as I do. Any intelligent American citizen who has followed with the slightest interest what has happened there since we whipped the Spanish fleet knows as much of that problem as I or any man aboard ship.

"Ever since I left the islands I have read everything that I could obtain bearing upon the islands and what has transpired there since we left. At the time I left I said the insurgents were on their last legs. It's got to come—they can't stop it. They can't hold out against the army and navy. I believed then that they would be unable to secure the arms and ammunition without which they could not wage war, but I have learned through the newspapers since that they have received the necessary supplies. That must be stopped and the insurgents will then be of little strength. They are good soldiers, splendid ones, and their powers of endurance are remarkable."

SELF-GOVERNMENT.

"Do you consider that the Filipinos are yet capable of self-government, at least enough so as to allow of the withdrawal of American forces?"

"No, they are not, but in time they will be. It's bound to come out right—bound to," replied Admiral Dewey, decisively. "I will say this much, though, for the Filipinos. They are more capable of governing themselves than the Cubans are.

"Some of them, I doubt not, are now capable of administering affairs, but the great majority of them have the crudest ideas of an honest and efficient government. Their greatest fault is this: They don't know the meaning of the word 'honesty.' Of course, like all Malays who have had an education, they are wonderfully capable of imitation and are admirable artisans when trained.

AGUINALDO A FIGUREHEAD.

"Orderly, get that picture of General Luna," said Dewey, suddenly. "General Luna," he resumed, "was killed by Aguinaldo's orderly while I was on my way back to the United States. The orderly was an expert swordsman, and when Luna attempted to brush past him after the orderly had refused to let him pass, Luna was killed. He was one of Aguinaldo's best generals. Paterno, I should say, is the ablest of them now.

"Aguinaldo is nothing but a figurehead. He is of only average intelligence and ability. The brains are back of him. In Manila he is held at his true worth and there they know who is responsible for what success, if any, has attended the efforts to rebel against our government. Aguinaldo was only a clerk in the navy yard at Manila before he took the field against the Spanish. The men who actually have the most influence among the Filipinos are a number of lawyers, unquestionably able men.

"I have a very fine cane, made of native wood and trimmed with gold, that was presented to me by Aguinaldo. He became quite friendly before the insurgents became our open enemies. So far as that goes we are friends yet," said Dewey, with a smile.

ARCHBISHOP'S GOOD WILL.

The photograph of General Luna, a typical Filipino, bore on its back an inscription written by the archbishop of Manila, Bernardena Nesaleda.

"The archbishop," said Admiral Dewey, with another of those quiet smiles that defy analysis, "is the gentleman who declared that the Spanish fleet would wipe the scum of the earth off the face of the sea when the Spanish heard we were on our way to Manila. Well, the archbishop became a good friend of mine in good time and we passed many a pleasant hour together on the Olympia.

"I remember very distinctly one day when he turned to me on the quarter deck, pointing to the crew mustered forward, and said: 'Admiral, you must be a proud man to know that you have command of such a fine body of men and to know that they respect and love you.'

"I answered that our ship was only one of many on which the same relations existed, and where the crews were made up of just the same fine chaps. The archbishop was quiet for a moment, and then he said, with every show of feeling: 'Admiral, they are not the scum of the earth. These men are the pick of the earth. I have seen the ships and crews of every nation, but I have never seen what is shown to me on this American warship.'

"I called to one of the men and asked him: 'How much do you get a month?' 'Eighty dollars,' he said, with a salute."

Admiral Dewey smiled again in his quiet way. "That's more," he said, "than a whole ship's crew gets on board of a Spanish man-of-war. Why shouldn't we have the pick of the earth?

"The archbishop was not the only man who was won to admiration by the bravery and splendid appearance of our men. They liked us—all of them. But they were distrustful of us after 300 years of Spanish rule by tyranny. They thought that we meant to do them good, but they were not sure, and—well, it's too long a story to tell now. It's bound to come right, though.

SAYS OTIS WORKS TOO HARD.

"The last thing I told Otis when I left Manila was this: 'You're trying to do too much.' He's down there wearing himself out, and more than once have I told him that if he did not give up some of his work or come home he'd die there in a year. And I believe it, too.

"General Otis is an unusually painstaking man, and he's not only governor general and directing the movements of the army in the field, but he's working with might and soul at everything that comes under his notice in the way of putting down the rebellion and bringing order out of chaos in the islands. It's altogether too much work for one man, and Otis has some exceptionally able lieutenants. With the new troops being hurried to him and our comparative familiarity with what we have to overcome there, I think that the outlook is a cheering one."

NO POLITICAL AMBITION.

Dewey laughed heartily when asked what he thought of the plan some persons had for making him president. Still laughing he replied: They don't know me; that's all." When it was suggested that Gen. Joseph Wheeler had been mentioned as a running mate with him on the ticket, he was more mirthful, and added: "Well, the army and navy—that's too good to be true. We two would make a fine mess of it."

Commenting further, the admiral said: "Once a soldier, always a soldier, covers General Wheeler's case and the same is relatively true of me But then General Wheeler has had some political training. I have had absolutely none. No; the change from a cruiser to a ship of state would be too great a change, too great."

IMPROVED IN HEALTH.

The talk then swung to questions about his health, to which Dewey answered: "I feel well, thank you. Much better than the day I left Manila. The voyage has done me much good, and with great consideration the department did not enjoin haste upon our return. Of course, living for thirteen months in Manila bay was very trying on my health, yet I did not feel I could leave it.

"When the Olympia put into Hong Kong for docking purposes, I went to one of the other ships, so that from the day we sailed in until we ran up the homeward bound pennant, I had not left the bay once, and you know this life on ship is an unnatural one."

The chow dog was sniffing excitedly at the trousers leg of one of the visitors, and he cocked up one ear. "He smells the land," said Dewey, "but Bob don't know what it is to come back home to his native country. After I have had a good rest on shore I think I shall feel as strong and healthy as I ever did."

THE INTERVIEWER.

"Admiral, can't you say something about the alleged interference or aggressive attitude of the Germans at Manila?" was asked. The first appearance of brusqueness, bordering on irritation, was evident.

Dewey wheeled about on his heels toward the entrance of the wardroom on the port side and said quickly: "Now, that's something that I won't talk about. Not a word."

CHINESE SERVANTS TO LAND.

Some one here told the admiral that the treasury department had decided that the Chinese sailors on board the Olympia could land for the land parade. Nothing had quite pleased the admiral so much. He summoned Ah Leen, the Chinese steward, who has been with him many years, and when the celestial stood at attention at Admiral Dewey's elbow the admiral said to him smilingly: "Ah Leen, the United States will let Chinamen land for the land parade."

An Asiatic smile untwisted the grave lines on Ah Leen's visage, and, thanking the admiral for the welcome news, he hurried away to tell his fellows. The admiral said later that the Chinese servants and sailors had fought long and well for the United States. He was glad they were to get the medals, but he had been worried to think they would not be allowed to land on the home soil of the United State. His mind was, therefore, relieved.

TO GO TO WASHINGTON.

Admiral Dewey terminated the interview by saying: "There are a good many questions on which I may be expected to talk, but I will have to defer to a great extent my opinions until I have reported at Washington.

"I shall go there on Tuesday, and I cannot say how long my stay at the capital will be. I have many intimate friends there, and so long as the government sees fit to keep me there I shall stay."

NOTES OF THE GAME.

Flood's injury seems to have been of such a serious nature that he did not get back into the game yesterday. Childs was on second.

Otto Kruger, the former Springfield infielder, though hardly bigger than a boy, seems to be doing as well as Beck or any of the other Inter Staters who have gone to the big league.

Sid C. Hubbard will represent the Fort Wayne ball club at the league meeting in New Castle Thursday evening, Mr. Mautner finding it impossible to break away from his busines.

The Pittsburg's two whitewashes of Chicago yesterday was not the first time this has occurred this season. Baltimore did the same thing to Cleveland earlier in the season, and Mansfield put two coats on Toledo two weeks before the Inter State season closed.

The Shamrocks will leave for Marion at 7:10 Saturday morning over the Lake Erie and Western. The team will stay in Bluffton until noon and an effort is being made to arrange a game to be played there in the morning. In the afternoon game at Marion Wayne will pitch and Robbins will pitch on Sunday.

Umpire Frank Dwyer, who saw Tenney and Jennings pitted against each other in the same games, says that Tenney is no longer king. "Jennings has Tenney out-pointed at all stages of the game," said Dwyer. "He has all the tricks and speed that Tenney ever had, and is daily springing new ones. He is as fast as the wind, and the fact that he has base ball intelligence second to that of no player in the league easily allows him to make all other first basemen look as if they really knew nothing about playing the position."

The Inter State league meeting will be held in New Castle tomorrow evening, and indications now are that C. B. Power will be a candidate for re-election. He is not so much averse to remaining at the head of the league provided he has the support of the directors in his selection of umpires. On the belief that Power would not be a candidate the names of William Meyer, of this city, George Lamoree, of New Castle, William L. Moreland, of Pittsburg, Harry Weldon, of Cincinnati, and Bart Howard, of Mansfield, were discussed in connection with the presidency. Mr. Meyer will be in New Castle ahead of the directors tomorrow to shake hands with the bosses of the league.

That was an exciting game between the court house nines yesterday. George Stout and John Beuter were in the points for the upper fellows, while Al. Melching and Frank Reichelderfer essayed to do the battery work for the downstairs team Ed. Parker attempted to keep score, but gave up in disgust in the fifth inning when the upstairs team was ahead 30 to 26. Sheriff Melching issued orders that Frank Torreyson should not be admitted if he came to the gate, because he knew that if Torreyson saw Billy Morton and Ed. Nicodemus cavorting about the diamond he would sign and them in a week "gold brick" one of the big league managers by selling them. Billy Meyer and Al. Melching tried to umpire but soon tired of the job and Julian Franke took a chance. The less said about this umpiring the better. After the game Assessor Greer and Will Morton ran a foot race from second base to the plate and the assessor easily outstripped his "lemonade tub" opponent.

FURY OF THE STORM.

Calcutta, Sept. 27.—The great storm of Sunday and Monday which caused destructive landslides and floods, gathered at the head of the bay of Calcutta and then moved north, giving heavy rain in Calcutta, Dinajpur, Rangpur and Jalpaiguri. Its greatest fury was felt at Darjeling. Simultaneously, another storm gathered at Rangur and passed westward from Purnea to Monghir. The usual weekly reports have not been received by the government and there is reason to fear that the district named is flooded and communication interrupted. It is estimated that between Darjeling and Kurseong alone three hundred persons have lost their lives. The line between Darjeling and Honanda will be blocked, probably for two months. Both the upper and lower Puglajahors have been carried away. A number of bodies have been recovered on the Happy Valley estate. The soldiers of the Munster regiment are searching for bodies and clearing the roads.

MARSHAL KILLED.

Sturgis, Mich., Sept. 27.—Marshal John Craig was killed here yesterday morning while attempting to arrest three tramps who were riding in a box car on the Grand Rapids road. After the shooting the men jumped from the train and fled. Sheriff Avery and a posse are in pursuit, but have not yet overtaken the murderers. The city of Sturgis offers $500 for the capture of the men.

GOLD COMING SATURDAY.

New York, Sept. 27.—J. & W. Seligman & Co. have engaged $750,000 gold in London for shipment to America on Saturday.

Workmen are enlarging and improving the gate lodge at Lindenwood cemetery.

DULL AND FIRMER

WAS THE CONDITION IN THE WHEAT MARKET.

AN ADVANCE IN DECEMBER

MARKET BRACED BY LATER FOREIGN NEWS.

RECEIPTS NORTHWEST LIGHT

THE NEWS OF THE MARKETS IN GENERAL.

Chicago, Sept. 27.—Wheat was exceptionally dull but firm today. Liverpool showed a slight opening decline, influenced by yesterday's action of this market, but recovered later on the unsettled South African situation, and prices had at the opening reflected the recovery in the foreign market. December opened ⅜@⅝c higher at 73¾@73⅞c, with moderate buying by the local crowd and after an advance to 73⅝@73½c took place. The northwest was a good seller of the advance, and there was a marked realizing movement by local longs, December reacting to 73⅛c, but the check to the advancing tendency of the market was temporary, the December prices soon after reaching 73½@73⅝c under fair general buying. Offerings of December were light. September was offered more freely. It opened ⅛c higher at 74⅛c and declined to 73⅜c, reacting later to 73¾c.

Duluth receipts were again light, but Minneapolis receipts brought the total northwest up to 978 cars, against 721 last week and 997 a year ago.

Complaints were made of a scarcity of cars for grain shipment at Duluth and adjacent territory. Chicago receipts were 183 cars, none of contract grade.

There was a big addition to local contract stocks from private houses.

Corn was fairly active. There was no demand for September, and a little selling pressure, in which elevator people were prominent, resulted in a sharp decline. December was heavy in sympathy. Receipts were liberal, 791 cars, and cables were high. Shorts were made the buyers at the decline. December opened 30@30⅛c, declined to 29⅞c and recovered to 30c. September opened unchanged at 34½c, declined to 33⅜c and recovered to 33½c.

Trading in oats was dull and without feature. Prices held at a slight advance with wheat. Receipts were 182 cars. December opened ⅛c higher at 22⅞c and sold at 22¾@22⅞c.

Provisions were dull and heavy and trading was featureless, mainly in the way of changing. January pork opened 5c higher at $9.80 and eased off to $9.77½. January lard opened a shade higher at $5.57½ and advanced to $5.60. January ribs opened 2½c higher at $5.12½ and held at that price.

THE CLOSE.

Prices at the close were as follows:

Wheat—Sept., 74⅜c; Dec., 73⅜c; May, 75⅝c.

Corn—Sept., 33c; Oct., 31⅞c; Dec., 30c; May, 30½c.

Oats—Sept., 22¾c; Dec., 22⅞c; May, 24c.

Pork—Sept., $8.22; Oct., $8.22½; Dec., $8.35@8.37½; Jan., $9.82½.

Lard—Sept., $5.42½; Oct., $5.42½; Dec., $5.50; Jan., $5.62½.

Ribs—Sept., $5.12½@5.15; Oct., $5.12½@5.15; Dec., $5.07½@5.10; Jan., $5.10.

Flax—Cash N. W., $1.12; Cash S. W., $1.11; Sept., $1.11½; Oct., $1.10; Dec., $1.09.

CHICAGO LIVE STOCK.

Chicago Sept. 27.—Estimated receipts of hogs today, 30,000; tomorrow, 28,000; left over, 2,487. Market steady. Mixed and butchers, $4.40@4.77½; good heavy, $4.40@4.72½; rough heavy, $4.15@4.30; light, $4.45@4.85.

Cattle—Receipts, 13,000. Market steady to firm. Beeves, $4.45@6.60; cows and heifers, $1.75@4.85; Texas steers, $3.40@4.15; stockers and feeders, $3.00@4.85.

NEW YORK PRODUCE.

New York, Sept. 27.—Butter—Receipts, 1,684 pkgs; market steady; western creamery, 17@23c. June creamery, 19@22c; factory, 13½@15½c.

Cheese—Receipts, 2,262 pkgs; market firm; large white, 11c; small white, 11¼@11⅛c; large colored, 11¼@11⅛c; small colored, 11⅛c.

Eggs—Receipts, 9,218 pkgs; market steady; western ungraded at mark, 13@18c.

Sugar—Raw, easy.

Coffee—Steady.

THE DAY ON WALL STREET.

New York, Sept. 27.—Small fractional gains were the rule at the opening in sympathy with the better tone of foreign markets. Atchison preferred rose ⅝ and Brooklyn Transit and Metropolitan about a point. Tennessee Coal after rising ¼ dropped a point. The trading was very quiet.

There was a great deal of irregularity in the high-priced specialties. Pullman dropped 3 points on a heavy increase in assessment. Tennessee Coal and American Tobacco and Continental Tobacco lost 1 to 1½. Improvements were made in the local issues, Sugar and Grangers and Metropolitan rising 2⅛. Chicago Great Western preferred was feverish, but ruled about 2 points higher. Lackawanna and Rio Grande Western preferred held 2 points, rising, but Buffalo, Rochester and Pittsburg slumped 1½ points to 85 and hardened to 87½.

The continuance of tight money, transactions being at 15 per cent., undermined the improved tendency and there was considerable liquidation in spots. Tennessee Coal was most affected, declining an extra 6½ to 108.

A point or so was clipped off of American Tobacco, Sugar, Brooklyn Transit, Manhattan, People's Gas, Colorado Fuel and Federal Steel. Except sharp fractions in the Grangers there was no material response in the railways.

Sales of stocks to noon, 176,212 shares.

Bonds were neglected but steady.

Prices were marked up in the last hour on vague rumors of further extensive gold imports. The leading specialties, including Tobacco, Sugar, Brooklyn Transit, Metropolitan and Tennessee Coal were most prominent. Pullman recovered its 3 point loss. Southern Pacific rose to 38. Otherwise the railways were not much affected, they ruling at top prices. The closing was dull and firm, slightly below the best at net gains, which exceeded a fraction only in the case of a few specialties.

THE MONEY MARKET.

New York, Sept. 27.—Money on call strong at 12 per cent; prime mercantile paper, 5½@6 per cent; sterling exchange steady with actual business in bankers' bills at $4.85⅜@4.85 ½for demand and at $4.81¾@4.82 for 60 days; posted rates, $4.83 and $4.86½; commercial bills, $4.80½@4.81; silver certificates, 59@60c; bar silver, 58½c; Mexican dollars, 47¼c.

THE BOND MARKET.

New York, Sept. 27.—Government bonds steady:

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.

MRS. S. S. MABRY,
860 Elm St., Macon, Ga.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific,

S.S.S. For The Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

PHYSICIANS.

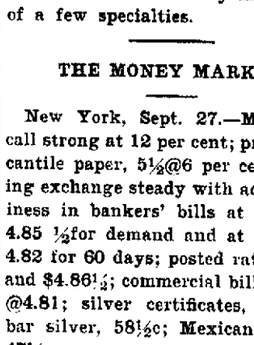
DR. B. GARD—To ladies' suffering from ailments peculiar to their sex, may consult me free of charge at my office, 38 W. Wayne street. Telephone 151.

QUICK CURE—EASY TO BE WELL.

1142 West State Street, Jacksonville, Fla., Jan. 3rd, 1899.

I am a great sufferer. My monthly period lasts for twelve days and I suffer all over from it. The pains are severe in the head, neck, back, arms and legs. I have bearing down pains, with numbness and dizziness, and am very nervous. I also have whites, and am troubled with indigestion. My little girl brought your Ladies' Birthday Almanac to my room and laid it on my bed and I am writing to know if you think you could benefit me.

Mrs. B. R. BROWN.



Jacksonville, Fla., Jan. 23d, 1899.

I must write to tell you I am in better health than for four years. I wrote three weeks ago for advice. I thank you and the all-wise Creator for what your wonderful Wine of Cardui did for me. I was in a terrible condition, but am now thoroughly sound and well. I sometimes think I am a different woman. I find more pleasure in life than ever before. I see how much I have missed. I was so run down and unattractive I had begun to think my husband was tiring of me. I was such a burden to him. But he shows his love for me now in every way and says I am better looking than ever. I am grateful to your medicine for much happiness.

Mrs. B. R. BROWN.

McELREE'S **Wine of Cardui**

These earnest letters show how easy it is for a woman to be well and happy. Let every suffering, despondent woman profit by Mrs. Brown's experience. Never say again that you cannot be strong or well. McElree's Wine of Cardui, taken as directed, will give you strength and health, joy and gladness. It will make your home a happy one. Don't be a burden to your loved ones. It's easy to be well if you take Wine of Cardui. BUSY ON THE ROAD

EAST DIVISION OF PITTSBURG BORROWS ENGINES.

ITS OWN POWER INADEQUATE

THE GREAT CONVOY YARDS OVERCROWDED.

OFFICIALS OF PENNSYLVANIA

MEET TO DISCUSS MATTERS CONCERNING SHOPS.

Yesterday The Sentinel mentioned the fact that a shortage of power existed on the western division of the Pittsburg, Fort Wayne and Chicago road and that business was hampered thereby. It seems that the situation on the eastern division is even worse than the conditions which prevail here. The situation there is thus stated by a Pittsburg paper: "On Saturday the Pittsburg, Fort Wayne and Chicago road carried the heaviest business in the history of the line. There was not an idle bit of locomotive power, and train crews worked hard and over-time. When the Sunday clearing-up began on the eastern division there were accumulations that tested the capacity of all the big yards between Crestline and Pittsburg. Thousands of loaded freight cars were on the road. The big Conway yards, with a capacity of 2,500 cars, were crowded. The Alliance, Canton and Crestline yards were also substantially full. Besides the extra business coming to the road, a shortage of motive power has been responsible for the accumulations. Ten new moguls were received for use on the Fort Wayne from the Altoona shops. These locomotives are among the largest ever turned out of the Altoona shops and the ten received by the Fort Wayne are understood to be loaned so as to relieve the immense movement of freight. The big movement on the Fort Wayne on Sunday was also felt by other divisions. To avoid needless car shortage by allowing shippers to hold cars given them as long as they wish, the Panhandle has assigned some of its men to the duty of watching these cars and to hurry their loading and unloading It is a new position, temporary perhaps, occasioned by the shortage of cars, and those doing the work are expected to facilitate things and to relieve the work of trainmasters and freight agents. Railroad managers have sent out numerous circulars to freight men urging that this plan be watched carefully. On some of the roads the lost-car man, whose duties include those of the new positions on the Panhandle, has been a regular employe. The rush on the West Pennsylvania in freight has caused every piece of reserve motive power to be pressed into service. On Saturday three new class 'H 3' locomotives were pressed into service. These are big freight engines, being the largest of the Pennsylvania, a short time ago, when they were known as class 'R.' The Fort Wayne road last week carried 18.9 per cent. of the eastbound tonnage out of Chicago, leading all other roads."

CHANGE OF ENGINEERS.

Yesterday John Kelley retired from the position of stationary engineer at the Wabash shops and will seek employment elsewhere. He was succeeded by Elza Emrick, formerly employed as a shop hand.

MOVING TO FORT WAYNE.

The Huntington Herald says: "R. W. Vaughn, superintendent, and J. H. Frame, foreman, of the Withington factory, are at present engaged in moving their household goods to Fort Wayne, where they will reside in the future. Mr. Vaughn went to that place on the 11:12 Wabash train today, but Mr. Frame and the two families will not go there before tomorrow or Thursday."

RETURNS TO THE PITTSBURG.

A. E. Jacoby, who left Fort Wayne some time ago to accept a position on the Chicago, St. Paul and Minneapolis railroad, has resigned his position on that road and has accepted one with the Chicago Terminal division of the Pittsburg road, in the office of Superintendent C. H. Walton. Mr. Jacoby receives a much larger salary in his new position.

GO TO MEET DEWEY.

A party of gentlemen from Chicago, composing a committee sent to New York to invite Admiral Dewey to take part in the fall festivities at Chicago, passed through the city last evening in a special car attached to No. 8. The party is composed of several of the leading business and professional men of Chicago.

MEETING OF SHOP OFFICIALS.

Master Mechanic W. F. Beardsley, of Allegheny; Master Mechanic G. P. Sweeley, of Wellsville; Car Foreman Abe Fisher, of Wellsville, and General Foreman Charles W. Cross, of Allegheny, all Pennsylvania men, are here today consulting with the officials of the Fort Wayne shops on matters pertaining to their respective offices.

MOVING A FREIGHT HOUSE.

The proposed improvements at Peru, mentioned in The Sentinel several days ago, are now in progress. Today the Wabash had its freight house moved to the west side of Broadway, to make room for a warehouse addition and yards. The company's store house, where all supplies are kept, was also moved from Butler, Ind., to Peru today, new and commodious quarters having been provided in the latter place for that purpose.

INDUSTRIAL NOTES.

C. H. Tweedy, a carpenter employed in the Pittsburg shops, has gone to Chicago to spend a few days.

C. E. Myton is a new brakeman on the Nickel Plate road. He commenced work there yesterday.

Dr. E. F. Wagner, of the Pennsylvania Voluntary Relief association, returned from Pennsylvania this morning, relieving Dr. A. W. Tucker.

The Grand Rapids and Indiana road this morning carried seventy-one members of the G. A. R. from this city to Walcottville, where the Eighty-eighth Indiana regiment is today holding a reunion.

Charles Rohlman, boilermaker's helper, has resigned his position in the Wabash.

George Woods, of the electric works, is in Conneaut, Ohio, looking after some business for the company.

Fireman A. C. McMullen, of the Pittsburg, is nursing a lame foot, which was sprained a few days ago.

Passenger engine 171, of the Nickel Plate, is again in service after receiving light repairs at the Stony Island shops.

Guy Hughes and Thomas O'Rourke have gone to Peru and James Lowry has gone to Ashley on business for the Wabash company.

T. Dickinson, formerly a locomotive engineer on the West Shore, has been appointed master mechanic of the Rutland & Canadian road.

Brakeman A. A. Staley, who had the misfortune to lose his child by death last week, resumed his duties on the Nickel Plate yesterday.

The official classification committee will meet in New York, October 17, to draft the new and amended classification rule, to take effect the first of next year.

The Chesapeake & Ohio is erecting at Newport News a grain elevator costing $500,000 and an elevated structural work in Richmond, Va., costing $1,500,000.

The Lackawanna proposes to get the good will of editors of newspapers along its line, and to that end has extended to them free transportation to witness the Dewey parade on Friday next.

Employes of the Lackawanna object to being paid in checks, and brought the matter before the attorney general of New York, who decides that payment in checks is not in compliance with the law and that employes must be paid in cash.

Freight officials in Buffalo have been asked to bid on the transportation of 13,500,000 baskets of grapes, which will fill about 4,500 cars. The shipments are from the Brockton district, N. Y. The grapes are shipped to the west as far as Denver, Col.

The Republican Iron and Steel company has dismantled one of its mills at Alexandria, Ind., and will ship the old material to Sharon, Pa., as scrap. There were forty carloads and there is quite a strife between the roads to see which will get the business.

The ninth annual convention of the Association of Railway Superintendents of Bridges and Buildings will be held at Hotel Cadillac, Detroit, October 17 to 19, inclusive. The afternoon of the 19th will be devoted to visiting places of interest in and around Detroit, and after the convention an ecursion will be given to Niagara Falls and return.

The newest railway employes' co-operative institution has been started by the Cotton-belt men, the employes going into the banking business, intending to pay especial attention to savings deposits. An office will be opened at Pine Bluff, Ark., a capital of $500,000 is authorized, and of this amount $112,000 has been paid in almost exclusively by employes of the Cotton-belt road. It is proposed to pay 4 per cent. annually on time investments. R. M. Golbraith is president and J. E. Boyce secretary and treasurer of the association.

Bert Olds is out after five weeks' confinement with the typhoid fever. He hopes to be able to resume the duties of his office at Jeffersonville, Ind., in a few days. Mr. Olds came here to visit his folks, when he was taken ill.

The electric works today shipped two 40-horse power motors to Bathe, Maine.

I. B. Powell, a flue setter in the Wabash shops, is sick and has gone to the company's hospital at Peru.

George G. Nicol, foreman of the boiler department of the Wabash, is looking after affairs in Peru today.

Stenographer Remmert, of Captain Stoll's office, has recovered his health and resumed work after an absence of several weeks.

A big piece of timber rolled over upon the foot of William Krudop, of the Pittsburg shops, yesterday, and severely bruised his heel.

H. C. F. Boland and Christ Starke, who were injured in the Pittsburg shops some days ago, have recovered and this morning resumed work.

Fireman Frank Maloney, of the Nickel Plate, sprained one of his shoulders while out on his run a few days ago. The injury will keep him from his work for a few days.

William C. Slater, of the Bass offices, was twenty-one years old yesterday and to commemorate the day his father presented him with a handsome gold watch and chain.

Fred Gorham, of Grand Rapids, visited with his brother, Superintendent C. D. Gorham, of the Nickel Plate road, between trains yesterday. Mr. Gorham is going to visit friends in the east.

Conductor D. B. Denbow, of the Nickel Plate, has taken a week's vacation, which he will spend in visiting friends and relatives in and about Newcastle, Pa. He formerly resided in that city.

Edward Schechler has taken a position in the Bass machine shop For seven years he conducted a little machine and repair shop at Bucyrus. Mr. Schechler worked in the Bass shops before going to Bucyrus.

His old enemy—rheumatism has taken hold of Nickel Plate Engineer Joseph Bracht again and he is unable to perform his duties at the throttle. Last winter Mr. Bracht was disabled by this disease much of the time.

William Hurlbut, Nickel Plate fireman, has been resting for two or three days. When he reports for duty it will be to fire a switch engine in the yards in this city. He has been in the through freight service

Mrs Addie L. Houston, whose husband was killed by an explosion of a locomotive boiler on the Missouri, Kansas and Texas road last July, has sued the company, alleging $40,000 damages. The deceased was a fireman.

Nickel Plate Engineer Ed. Wolf is entertaining his sister, whom he had not seen for eight years until her arrival here yesterday He is taking a leave of absence from the road in order that he can the better entertain his visitor.

The earnings of the Wabash road continue to show a gratifying increase over last year The third week in September showed an increase over the corresponding month of last year of $35,438.61 The earnings were $346,111.94.

Adam Hamm, machinist, has resumed work in the Pittsburg shops, having recovered from an attack of typhoid fever that confined him at St. Joseph hospital for six or seven weeks. Apparently he is now in good health, though still a little weak.

The largest cargo of railway material that has ever gone from an American port was cleared from Philadelphia on Saturday last aboard the British steamer Puritan. It consisted of forty locomotives and eighteen steel bridges for the Chinese Eastern railway, now in course of construction under the supervision of the Russian authorities, with the financial aid of the Russo-Chinese bank A similar cargo is now loading there destined for Russian Black sea ports

The grand jury at Owensboro, Ky., has returned indictments against the Louisville and Nashville, Illinois Central and Louisville, Henderson and St Louis for violation of the Kentucky separate coach law. The roads are charged with failing to furnish to the colored passengers cars and coaches of equal quality and convenience or accommodations as those furnished to the white passengers The grand jury at Elberton, Ga., has indicted the Southern and Seaboard Air Line roads for violation of the separate coach law of that state in hauling white and colored passengers in the same coaches.

KENNEDY EASY FOR MAHER.

New York, Sept. 27. Another "phenomenon" was exploded at the Lenox Athletic club last night before an assemblage of fully 5,000 persons. Joe Kennedy, the California heavy weight did not last two rounds with Peter Maher. He possessed some skill but the fearful force of Maher's bows was more than he could combat. The westerner reached Maher in the opening round, but his adversary was back at him in return. Maher took Kennedy's punches without flinching, while Kennedy plainly weakened under Maher's fearful pummeling. Despite its brevity the battle of the big ones was not uninteresting and the crowd filed out without a murmur Maher left the ring without a blemish, scarcely realizing that he had solved the supposedly difficult proposition that made a transcontinental trip to give him battle. Betting before the fight was at even money. No large wagers were made. The bout was scheduled for twenty rounds.

NEW PRESIDENT OF WABASH.

Crawfordsville, Ind., Sept. 27. Dr. William P. Kane was elected president of Wabash college at a called meeting of the board of trustees yesterday. The meeting was held to select a successor to President Burroughs, who resigned last June. The new president will assume the duties of his office on the first of the coming month. Dr. Kane is one of the most widely known and prominent Presbyterian ministers in the middle west. At fifty-one years of age he is in the prime of his intellectual vigor and clerical scholarship. He began his classical studies in Westminster college and completed them at Monmouth. In 1884 Dr. Kane came west to accept a call from the Second church of Lafayette, Ind., in the service of which he labored eight years. He left it to go to Bloomington, Ill., as pastor. In 1898 he became the director of the educational department of the Winona Assembly. This new guild of labor embraced the duties of president of the summer school, the management of the reading circle and the principal editorship of the Winonian. While residing in Indiana Dr. Kane was chairman of the synodical committee on home missions and organized what is known as the "Indiana plan" of controlling the home mission business of the church. After his removal to Illinois he was soon brought into the same connection with the synodical committee of that state. Dr. Kane has been a trustee of Wabash college since 1880, the greater part of which time he has served as president of the board.

LATER REPORTS OF THE DISASTER IN INDIA.

STORM NEWS GROWS WORSE

MANY HUNDREDS OF LIVES WERE LOST.

DAMAGE REACHES $5,000,000

HOW A BRAVE WOMAN SAVED LIVES OF GIRLS.

Calcutta, Sept 28 Lieutenant Governor Sir John Woodburn announced to the council yesterday that 100 lives were lost through the floods at Darjeling, capital of the district of that name, in addition to those drowned on the plains.

Great havoc has been caused at Kurseong The Margaretchope estate lost 100 acres and the Mealand factory was destroyed Some coolies were buried in the ruins of the manager's house, which was partially destroyed The Avonglove estate lost thirty acres and 4,000 tea bushes The coolie lines were swept away and many persons were killed, but the exact number is not known A factory was also destroyed at this place

A huge landslide below St Mary's seminary destroyed the railroad bridge and completely blocked the road A breach thirty yards wide has been made and the rails are hanging in the air It is thought the break cannot be repaired within thirty days.

Telegraphic communication between Calcutta and Darjeling has been re-established, but railroad traffic beyond Kurseong is not likely to be resumed for a long time. The road is impassible for horses and travelers are only able to journey on foot and with much difficulty.

The Methodists whose stations and schools have suffered from the earthquake are American missionaries.

Queen Victoria, on hearing of the disaster, telegraphed her profound sympathy to the bereaved families.

The story of the destruction of the Ida Villa branch of the Calcutta girls' school, supported by the American Methodists, is related by Miss Stahl, who saved many of the children. A landslide compelled the occupants to leave the building, and Miss Stahl, guiding the children, commenced a perilous climb, finally gaining the Mall road.

All the time rain was pouring down in torrents, the earth was shaking and the children were terrified. The blackness of the night, falling boulders, the crashing of trees and fears of the earthquake finally compelled the party to fly into the night.

Will Burnee, the sole survivor of those who were caught in the landslide at Ida Villa, says that when it was seen that escape was impossible a sister made all kneel in prayer and, while kneeling, the house was swept away.

It is estimated that the loss to the tea garden proprietors alone is about $5,000 000

THE SCOTSMAN ASHORE

WILL NOT ENTER SYNDICATE

New York, Sept 28 The Henry Clay and Bock company, which is the owner of more than half the cigar factories in Havana, has declined, through President Bock, to enter the great tobacco syndicate organized by Wall street capitalists for the control of the Havana cigar industry.

LITTLE GIRL INJURED

Just before noon today Virginia the little daughter of Mr and Mrs William Meyer, was struck by a bicycle ridden by a lady at Harrison and Washington streets and knocked to the pavement. It was at first believed she had been dangerously injured, but Dr. Stutz, who was summoned to attend her, does not apprehend any serious consequences, although the litle one suffers much pain, and it is impossible to determine the exact extent of the injuries. No bones were broken.

THE STREET RAILWAY.

Co-Receiver H. C. Rockhill said this morning that it would probably be ten days before the Consolidated Street railway could be turned over to the reorganization committee. It is necessary to make a report to the court and have all the expenses of sale and receivership settled before the sale can be approved. General Garretson will be back in Fort Wayne within a week and a reorganization will be effected. John. H. Bass may be one of the directors of the company, and it is intimated that Frank DeHass Robison may also be recognized in the reorganization. S. L. Nelson and W. S. Pettit, the Springfield men who were here in the interests of Philadelphia capitalists, may negotiate with the reorganization committee for the purchase of the system.

TWO NEW SOLDIERS.

Enlistments today for the United States volunteer service were William D. C. Kayser, of this city, and Thomas P Forrest, of Seal, Ohio. Kayser was a member of company G, of the 157th regiment.

GATHERED IN THE COURTS.

AN INCORRIGIBLE YOUNG MISS IN COURT.

Will Be Taken to Indiana Industrial Home for Girls—Court Items of Interest

Hon T E Ellison, president of the Allen County Orphans' Home, this morning filed a petition in the circuit court asking Judge O'Rourke to send Hattie Carpenter, an inmate of the home to the Indiana Industrial School for Girls. The young miss is 14 years of age and has been an inmate of the Orphans' Home since June, 1897, her father being dead and the mother unable to care for her. Mrs. Overymeyer, the matron, cannot control the girl and the directors of the institution decided to have Judge O'Rourke send her to the state school. She was not averse to going. The girl was in court this morning and Judge O'Rourke heard the story.

MEMBERS REAPPOINTED.

Judge O'Rourke today appointed Rev. Henry P. Danneker and Alexander Johnson as members of the Allen county board of children's guardians for the term of three years. They had already served upon the board, but their terms had expired September 21. This afternoon the entire board, composed of Mrs. Helen F. Guild, Mrs. Helen F. Fleming, Mrs. M. B. Gorsline, Alexander Johnson, Rev. H. P. Danneker and A. H. Bittinger, were photographed at Miner's studio

COURT NOTES.

Charles B Woodworth has filed his final report as guardian of Robert McKee Ward. The report was approved by Judge O'Rourke and the guardian discharged

Judge O'Rourke dismissed the case of the state ex. rel. Nora Dennis vs. Pearl Dennis.

The case of the state ex. rel. John Brannan, administrator, et al., vs. Benjamin McQuiston et al has been set for trial October 25 in the circuit court.

The case of the Youngstown Electric Light company vs. the Fort Wayne Smelting and Refining works has been set for December 11

Grant Archer has commenced suit on note and to set aside a conveyance against Gustave E. Stegel et al

In the circuit court this afternoon on petition of Elizabeth Darr, Judge O'Rourke made an order restraining her husband, John Darr, from disposing of his property The parties have a divorce case in court and the woman alleges that her husband threatens to sell his property to prevent her collecting alimony

Grace E Trainor has commenced proceedings to compel Harriet Trainor, administratrix of the estate of the late John W Trainor, to file a complete inventory of personal property.

THE EIGHTY-EIGHTH.

Seventy-five Fort Wayne people who attended the annual reunion of the Eighty-eighth regiment at Wolcottville Wednesday returned to the city delighted at the success of the gathering, and profuse in their praises of the hospitality of the Wolcottville people One hundred and thirty survivors of the old regiment were present, and the comrades of other commands numbered as many more. The ladies, too, took a zealous interest in the exercises, and in the parade the wives and daughters of the old veterans were largely in evidence. Col. C. E. Briant, of Huntington, is commander of the association for the coming year, with Capt. Allen H. Dougall, of this city, as adjutant. The next reunion will be held at Butler.

BISHOP IS AT HOME

RT. REV. JOSEPH RADEMACHER RETURNS.

MENTAL CONDITION IMPROVED

BUT PHYSICALLY HE IS MUCH ENFEEBLED.

WILL REMAIN IN FORT WAYNE

NOT ABLE TO TAKE CHARGE OF THE DIOCESE.

Rt. Rev. Joseph Rademacher, bishop of the diocese of Fort Wayne, returned to the city Wednesday evening and is again at home at the episcopal residence. Mentally the distinguished patient has greatly improved and his physicians believe a few months will bring about his complete recovery. His physical condition, however, is very feeble. Disease has wasted away the once robust form and made the steps faltering. His hair, which but a few months ago showed but the first tinge of age, is now white, and covering the lower part of the face is a full round beard of snowy whiteness.

RT. REV. JOSEPH RADEMACHER D. D.,
Bishop of the Diocese of Fort Wayne.

Bishop Rademacher expressed much satisfaction at reaching home again. He came from Lafayette with Vicar General Guendling, who went to that city to meet him. He greeted the priests of the episcopal household with much fervor and at supper chatted with his customary cheerfulness, but the fatigue of travel had wearied him and he retired soon after the evening meal. The bishop left St Elizabeth's hospital in Chicago three weeks ago and was for two weeks the guest of Rev. Father Dinnen at Lafayette Last week he visited the French Lick Springs, returning to Lafayette Saturday. Here he determined to return to Fort Wayne and accordingly arrived Wednesday evening.

Bishop Rademacher's illness dates from January last. Two months later he was taken to Chicago for treatment and has been under the care of the most able specialists. His physician states that of late his improvement has been very rapid and if it continues the bishop may be able to resume his episcopal duties by New Years, though his physical condition is not reassuring. The bishop is extremely nervous and abnormally sensitive, preferring seclusion, and inclined to take a melancholy view of matters, which is in direct contrast to his nature.

He is keenly alive to his condition and broods over it a great deal, but it is believed his home-coming will be a diversion and assist in his recovery. During his illness the bishop has retained the liveliest interest in public affairs. He is a warm admirer of Admiral Dewey and on the homeward journey read with interest the accounts of New York's reception to the naval hero.

The most unfavorable feature of the bishop's illness is his almost constant brooding over his nervous affliction, and it is believed if this can be overcome the distinguished patient's complete recovery will not be long delayed.

TWICE ROBBED.

Officer Murphy reported this morning that he found the door of the saloon at the corner of Holman and Lafayette streets open last night and he is certain some liquor was stolen. The saloon is not doing business now, but has been closed some days and was entered Tuesday evening and again last evening, but the police do not know how much stock was stolen.

DEATHS AND FUNERALS.

SCOTT.

The remains of Otis H. Scott, one of the old pioneers of Allen county, reached the city today over the Wabash, and were taken to Lindenwood cemetery for interment. Mr. Scott died at his home at Danville, Ill., at the advanced age of ninety-two years, but the greater part of his life was spent among the people of Allen county. Though removing to Illinois three years ago, he always claimed Fort Wayne as his home, and his final resting place is near the familiar scenes of his former years. Mr Scott was widely known among the older residents of the county. He came with his parents to this section in 1822, immigrating from Ohio in wagons drawn by oxen. Fort Wayne was merely a village, but through the succeeding years Mr Scott saw and assisted in its transformation from primitive wilderness to a flourishing city For many years his home was on East Berry street, and throughout his long residence here Mr. Scott enjoyed the respect and esteem of an almost universal acquaintance. Rev. Dr. Moffat officiated at the burial services today

SAVERCOOL.

The remains of Mrs. Emma M. Savercool, who died at Boston, will reach this city over the Wabash at 10 o'clock Friday morning, and will be taken to the residence of N. H. Bledsoe, in Lakeside. The funeral arrangements will be announced later

KLEINREICHERT.

Lawrence Kleinreichert, an old resident of New Haven, died at his home in that place this morning at the age of 64 years He has been in poor health for some time, and death was due to dropsy complicated with other diseases For more than thirty years Mr. Kleinreichert has resided in this county, and he was widely known and highly esteemed. Surviving him are the widow and ten children, as follows: Mrs. S. Ganzer, Mrs. Katie Wright, Mrs. John Denzel, Joseph Kleinreichert and Mrs. Henry Kanning, of this city; Lawrence, John, Aloysius, Miss Mary and Miss Rose Kleinreichert, of New Haven. He leaves one sister, Mrs. John Harber, of New Haven.

The funeral arrangements have not yet been completed.

JECTS ORDERS.

Are Commanded to Appear on the Night of October 6th Costumed for Merrymaking.

His imperial majesty Rex, king of the carnival, has issued the following proclamation to his subjects:

"Warning:—You are hereby invited and also commanded to appear before me on Friday, October 6, in the year of Annie Dominoes, 1899, and in the year of my reign 1. You are to appear in such court dress as will not bring the blush to the cheeks of fairer maids than others, but be clothed in such manner that your mother, lover or brother would not recognize you. You will report to me on Market square at half past 6 o'clock p. m. by your own watch and chain and remain till the works blow up. By order of Rex.

"Approved by the Mardi Gras committee."

After the parade dancing will take place on Berry street, between Harrison and Calhoun streets. A band stand will be erected in the middle of the square and the Olympia band will furnish the music. The program has not been arranged as yet, but there will be twelve dances on the program and the festivities will last until midnight. The prizes are on exhibition in the window of Pellens & Polster's drug store, corner of Wayne and Calhoun streets.

A. C. Gocke, the well known Broadway druggist, is confined to his home as the result of a fall he sustained Wednesday evening, in which his leg was severely sprained.

STOMACHS THAT WON'T WORK.

That Retain the Food and Refuses to Digest It, Makes the Head Heavy and the Nerves Weak. Need Stuart's Dyspepsia Tablets.

There is a cure for dyspepsia. Sufferers who have tried noxious nostrums will probably be skeptical, but skepticism vanishes when Stuart's Dyspepsia Tablets are tried. Whether the trouble is dyspepsia of long standing, or merely a simple case of indigestion, relief is prompt and pronounced. The less the trouble the fewer tablets need be taken.

Heaviness after eating, sour stomach, as indicated by belching, fatigue with slight exertion, or with no exertion at all, disturbed sleep, nervousness, constipation, depression, "blues," these things can commonly be set down as symptoms of dyspepsia. And dyspepsia is merely indigestion in an aggravated form.

By promoting perfect digestion, Stuart's Dyspepsia Tablets produce strong nerves, restful, refreshing sleep, pure blood and good, sound, healthy flesh. They make the skin clear, the eyes bright, the mind cheerful.

Stuart's Dyspepsia Tablets are a medicine and more than a medicine. They digest the food and make it easy of assimilation, and they relieve the inflamed, diseased condition of the membraneous linings and the glands of the stomach and bowels They help the digestive organs over the hard places, and put them into a healthy, active condition. They effect a quick and permanent cure. You don't have to continue taking them forever, still it is well to have a box handy and take one at the first return of the trouble.

Perfectly well people are made sick by eating too much, or unwholesome food, but not if they take a tablet after eating. Treatment with Stuart's Dyspepsia Tablets does not necessitate dieting or any change of habits. They digest the proper food and act upon the other kind in such a way as to make it pass off quickly and harmlessly. You may eat and drink what you like, when you like, and as much as you like if you take a tablet afterwards.

Stuart's Dyspepsia Tablets are sold by all druggists at 50c for full sized package.

Send to F. A. Stuart Co., Marshall, Mich., for a little book on stomach diseases, mailed free.

WILL BE MILLIONS

TREMENDOUS THRONG WILL BE IN NEW YORK.

CRUSH IS ALREADY BEGUN

HOTELS ARE FILLED TO THE UTMOST CAPACITY.

DISTINGUISHED MEN THERE

DEWEY CELEBRATION CROWD WILL BREAK RECORDS.

New York, Sept. 27.—Beginning today there will be a real crush in the New York hotels. Practically all of them were filled to their utmost capacity last night, but thousands of persons who engaged quarters weeks and months ago will arrive in the city today to claim them. Other thousands, who were accommodated last night with the understanding that they should seek quarters today, will be turned out to shift for themselves.

Governors, captains of the vessels in Dewey's fleet, members of the cabinet and officers high in the navy will arrive in the city today. Quarters for all of the city's guests have been provided, but all others who come today to seek rooms in the hotels will be turned away.

David R. Francis, former governor of Missouri and secretary of the interior in President Cleveland's last cabinet, arrived in the city last night. He is at the Hoffman house.

Governor Wells, of Utah, will make his headquarters at the Hotel Netherlands; Governor Bushnell, of Ohio, at the Majestic, and Governor Richards, of Wyoming, at the Parker.

A MILLION THERE.

Estimates as to the number of visitors already in the city range from 600,000 to 1,000,000. Most of the railroads agree that unless weather conditions are most unfavorable there will be 2,000,000 visitors here on Friday and Saturday. That means that the railroads and ferries will have to handle such crowds as never before.

Active preparations are in progress day and night in anticipation of these conditions and the managers of all the lines declared yesterday that they did not anticipate a single hitch.

All available passenger equipment of the various railroads is being collected at the most advantageous termini for bringing crowds to New York. The greatest inward movement is expected on Thursday night.

CALLS IT AN INSULT.

Kansas City, Mo., Sept. 27.—"No greater insult was ever offered the comrades of the Grand Army of the Republic than that action of the Dewey day committee in New York when 2,000 white-haired old soldiers were not allowed a place of honor in the great parade." This was the statement of Albert D. Shaw, commander-in-chief of the G. A. R., who spent ten minutes in Kansas City on his way to Topeka to address a reunion of the veterans today and tomorrow. "You may say what you please," continued Commander Shaw, "but it was an insult and was intended as one, too. It was a slap in the face not to recognize 35,000 union veterans of the civil war now living."

LONDON PAPERS AMUSED.

London, Sept. 27.—The evening papers express amusement at Admiral Dewey's premature arrival at New York. The St. James Gazette says:

"Admiral Dewey must have heard rumors of the reception preparing for him and very probably drew his own conclusions as to their appropriateness. Whatever the nation, which is totally unaccustomed to naval victories over an alien race, may think of the battle at Manila, the admiral who directed those very business-like and thorough operations can have no illusions as to the calibre of the foe which was unable to prevent him from taking an overwhelming advantage.

"The New Yorkers were caught unprepared, as were the Spaniards at Cavite. Admiral Dewey is a smart officer."

OHIO BOYS DISAPPOINTED.

Columbus, O., Sept. 27.—There is disappointment in the ranks of the Ohio National Guard, for the Buckeye troops will not go to New York to participate in the reception of Admiral Dewey. All arrangements had been completed for the Fourth and Fifth regiments, Battery B, and unattached companies at Urbana, Wilmington and Middletown to go, but when the men gathered at their respective headquarters this morning they were greeted with the announcement that the trip was off, the decision having been reached last night. The explanation is given in the following order issued by Adjutant General Axline:

"Information has just been received that the auditor of state will refuse to honor vouchers against the state for the New York trip. For this reason orders providing for state allowance of $10 per man are revoked."

The orders providing for the trip had been issued under authority of Governor Bushnell. The local regiment, the Fourth, is greatly chagrinned, as they have no time to arrange the trip on their own responsibility.

MORE TESTIMONY IS TAKEN

SCHELL CASES AGAIN UP FOR HEARING.

Referee Chapin Listens to Arguments in the Bankruptcy Proceedings.

The proceedings in involuntary bankruptcy against the members of the Schell Loan and Investment company were again taken up by Referee Chapin Tuesday afternoon, and in connection with the arguments of the attorneys on their conclusions, some additional testimony was introduced. The attorneys for the defendants raised the point of the eligibility of John P. Evans as a petitioning creditor in bankruptcy. Mr. Evans was called to the witness stand and it was developed that within four months prior to the proceedings in bankruptcy, Mr. Evans had received from the company about $2,200 as a partial payment of his claim against the company. The defendants' attorneys raise the point that under the bankruptcy law this would debar Mr. Evans from acting as a petitioner in bankruptcy. The arguments were resumed this morning, and among other things tend to show that George W. Linden and Jackson Valentine cannot be forced into bankruptcy for the reason that they are farmers. The attorneys in the case are Judge Ninde, Robertson & O'Rourke and J. B. Harper for the defendants, and T. E. Ellison and A. H. Bittenger for the petitioning creditors.

The arguments were completed at noon today and the referee has taken the matter under advisement. It will be several days before a decision is announced.

THE BITNER CASE.

This afternoon Referee Chapin heard evidence in opposition to the final discharge of David W. Bitner from his indebtedness under the bankruptcy act. The remonstrance was filed by Fort Wayne wholesale houses. Attorneys R. B. Dreibelbiss and W. E. Leonard appeared for Mr. Bitner and the plaintiffs were represented by R. B. Hanna.

MAY RIVAL THE W. C. T. U.

Chicago, Sept. 27.—An enthusiastic crowd of delegates representing twenty states filled Willard hall today where the first sesion of the mass convention of Chicago Young People's Christian Temperance union was held. The session opened with a prayer by Mrs. Margaret U. Schoutz, of Chicago. This was followed by the appointment of committees on organization, on rules and on credentials. Temporary officers were elected and reports of local unions read. Dr. Mary Noble, of Philadelphia, delivered an address under the caption "Rum and Missions." The convention, it is planned, will result in the solidification of the young people's temperance organizations of the country into one body, rivalling in strength and influence the W. C. T. U.

NEW ELECTRIC LINE.

Albany, N. Y., Sept. 27.—The Buffalo and Erie electric railroad, a street surface road with a capital stock of $1,000,000 was incorporated with the secretary of state today. The railroad is to be built from Buffalo to Erie, Pa., a distance of about seventy miles. The principal office is to be located in Buffalo.

William Griffin, an employe of the Kerr Murray shops, was the victim of a painful accident Tuesday evening. He was handling a heavy weight when it slipped from his grasp and pinched off the end of the ring finger of the left hand. Dr. Nieschang dressed the injury and it will be several days before Mr. Griffin will be able to work.

ALL CHEER DEWEY

THE OLYMPIA GOES TO HER ANCHORAGE.

A CONSTANT BOOM OF GUNS

GREETS HER PROGRESS UP THE NEW YORK BAY.

ADMIRAL RETURNS SALUTES

DEWEY FAMILY CALLS ON THE HERO OF MANILA.

New York, Sept. 27.—Admiral Dewey rose early today and could be seen from the Atlantic Heighlands pacing the Olympia's quarter deck. The warship was surrounded by all manner of sailing and steam craft, including a number of newspaper boats which had remained near the flagship all night. An outward bound British steamer saluted as she passed with her small cannon. There was no answering boom of guns from the flagship, but a string of signal flags were sent aloft in response.

An official visit was paid to Admiral Dewey by Major Burbank, commandant at Fort Hancock, and his staff. The visitor was met at the gang plank and escorted to the admiral's cabin where they spent half an hour. When they returned to shore all the members of the military party were enthusiastic over their reception. At 9 o'clock the Olympia started up the bay for the government anchorage over Tompkinsville. The progress thither was triumphant, all sorts of craft, including the dispatch boat Dolphin, with Assistant Secretary of the Navy Allen on board, accompanying the Olympia up the bay. The thousands that greeted Admiral Dewey and the Olympia had the satisfaction of seeing the hero of Manila, who as he stood with Assistant Secretary Allen and Captain Lamberton on the superstructure, repeatedly doffed his cap to the cheering crowds in returning their vociferous salutations.

Admiral Dewey's relatives, who have been stopping at the Waldrof-Astoria, as the guests of the city, started on the government tug Narkeeta at 9:30 this morning to pay a visit to the admiral on the Olympia. There were fifteen in the party, as follows:

Mr. and Mrs. Charles Dewey, of Montpelier, and W. T. Dewey, their son; James P. Dewey, son of W. T. Dewey; Charles Robert Dewey, nephew of the admiral, and his wife; Mrs. James Martin, Mrs. H. R. Finley and Miss Frances A. Finley, Edwin Dewey, brother of the admiral, and his wife, and Mr. and Mrs. F. B. McCuen, the latter a niece of Admiral Dewey.

Lieutenant Theodore Dewey was in charge of the tug from the navy yard and was added with his wife to others of the party.

A SWARM OF SHIPS.

Long before dawn steam and sailing crafts of all imaginable sizes and rigging gathered in the vicinity of the southwest channel and swarmed around the Olympia like midgets round a light as she lay swinging gracefully with the tide. Her string of signal lights was kept constantly changing and there was a varitable pyrotechical display as answers were flashed across the bay to the salutations of passing ships.

LIPTON'S SEARCHLIGHT.

A searchlight from Sir Thomas Lipton's yacht Erin was kept flashing around the Olympia until almost daybreak, making the cruiser stand out in bold relief to the delight of the landsmen and the gratification of the watchers on many of the vessels in the bay.

Just at dawn the signal lights on the Olympia went out and over the bay came the faint bugle notes of the revelle. Half an hour later the shrill sound of the boatswain's whistle was heard piping the men to clean ship, and soon the sailor lads were seen swarming the decks with swabs and buckets working with a will and getting the pride of the navy shipeshape for her trip to the anchorage off Tompkinsville.

CHICAGO COMES IN.

At 6:15 the cruiser Chicago, flying the pennant of Rear Admiral Howison, passed in at the Narrows and received a salute of guns from Fort Hancock. As she neared the Olympia her rapid fire guns belched forth on admiral's salute, which the Olympia returned with thirteen guns, the salute for a rear admiral.

As the Chicago passed close to the Olympia Admiral Dewey, who was on the quarter deck, returned Rear Admiral Howison's salute and shouted a greeting. The sailors on the Olympia manned the rail and returned the hearty cheers of the Chicago's crew. The Chicago proceeded to Tompkinsville.

TRIP UP THE BAY.

At 8 o'clock sharp colors were sounded and the flag and jack were respectively posted fore and aft to the strains of the "Star Spangled Banner." The admiral stood well aft, at attention, while behind him were grouped Captain Lamberton, George Dewey, jr., and the officers and men, all at salute as the flag was slowly run up the monkey gaff. At 8:30 the Dolphin flying the secretary of navy's flag, hove in sight, having on board Assistant Secretary of the Navy Allen, who was received with a salute. He went on board the Olympia at 8:45 and remained chatting with the admiral on the quarter deck until the Olympia weighed anchor. When the Olympia got under way Admiral Dewey felt the strong northwest breeze that was blowing and sent an orderly for his cape, which he rapped around him. He wore the undress uniform in which he had been so often pictured.

Admiral Dewey and Assistant Secretary of the Navy Allen had an animated talk on the superstructure of the Olympia, the admiral occasionally leaving Mr. Allen's side to doff his cap to some boat load of excursionists who would yell themselves hoarse to attract the hero's attention.

AN ITALIAN HONORED.

When at last the Olympia started for Tompkinsville she was flanked on the right by the Associated Press tug Kuper and on the left by the tug Dilge and followed by the dispatch boat Dolpin. All the way up the lower bay the signal boys were kept busy dipping the colors, while the steam siren was kept tooting out the thanks of the admiral to his admirers. An Italian sailing master, whose flag got entangled in the mizen top mast truck, had to send a man aloft to unloose the halyards. Admiral Dewey noticed the incident and, without waiting for the Italian captain to dip his colors first, had the Olympia's flag lowered and showed his appreciation by having the siren tooted thrice. As the cruiser neared Forts Wadsworth and Hamilton the sailors passed themselves forward, while the marines paraded the quarter deck in full dress uniform, standing at attention when the ensign was lowered from the mizen gaff to the monkey gaff and the ships number was displayed.

As the Olympia entered the channel the signal corps on the forts wigwagged welcome which was answered by the ship's signaler.

The slopes of the forts were crowded with soldiers and as they first belched forth its welcome they cheered lustily. The face of the hero of Manila was wreathed in smiles as his ships answered gun for gun. A little later the cruiser joined Admiral Sampson's fleet off Tompkinsville, which thundered out its welcome to the commander-in-chief.

VISITS ADMIRAL PHILIP.

The admiral arrived at the Brooklyn navy yard shortly before 3 o'clock on an official visit to Rear Admiral Philip, returning the visit made to him by the rear admiral yesterday.

GOVERNOR'S OFFICIAL CALL.

Governor Roosevelt with his entire staff and under escort of the naval militia of the state of New York will make his official call upon Admiral Dewey on board the Olympia at 1 o'clock tomorrow afternoon. He will be accompanied by General Francis V. Greene and all the ex-captains of Admiral Dewey's fleet. The party will be escorted by the steam yacht Aileen, manned by naval militia, with the headquarters' staff and several of the naval militia launches. After Governor Roosevelt's official call he will hold a reception on the old frigate New Hampshire, now used as the headquarters of the naval militia of the state of New York, moored at Tompkinsville. Flag Lieutenant Brumby, of the Olympia, called on Mayor Van Wyck today. The visit was merely formal, and Lieutenant Brumby conveyed to the mayor an expression of Admiral Dewey's respect. It was the return of the visit paid by the mayor's secretary to the Olympia yesterday.

SOLDIERS ARRIVE.

The first soldiers to arrive in the city for the Dewey celebration was the Walhall Guards, from Meridian, Miss., 45 men commanded by Captain E. M. Martin. The men are paying their own way to take part in honoring the admiral. Captain Martin preceded them to hunt up accommodations during their stay. Nobody met them at the depot to welcome them, and they stacked arms while waiting for Captain Martin.

ONLY ONE BIDDER.

CONSOLIDATED STREET RAILWAY LINES SOLD.

GEORGE A. GARRETSON BUYER

BID FOR THE REORGANIZATION COMMITTEE.

THE BID WAS $1,092,000

NEW COMPANY TO BE FORMED SOON AS POSSIBLE.

The Consolidated street railway was sold at public sale this afternoon to Gen. George A. Garretson, of Cleveland, Ohio, chairman of the reorganization committee.

There was much interest shown by Fort Wayne people in the sale and a big crowd was at the court house door at 2 o'clock when Howell C. Rockhill, co-receiver, announced that he was ready to receive bids. The court in making the order for the sale provided that no person would be allowed to bid until he had deposited a certified check for $25,000. Mr. Rockhill announced that Gen. George A. Garretson, of Cleveland, had qualified and asked if there were other bidders.

It was anticipated that there would be another bid. S. L. Nelson and S. W. Pettit, of Springfield, Ohio, were in the city and they came expressly to bid on the property, but after investigation the Springfield gentlemen decided that they would submit no proposition and therefore did not deposit a $25,000 check.

After waiting a few minutes Mr. Rockhill said he was ready to receive a bid from Mr. Garretson, the only qualified bidder. Mr. Garretson consulted with Attorneys Andrew Squire, of Cleveland, and James M. Barrett and then offered $1,092,000. The co-receiver waited until 2:15 and knocked the property down to Mr. Garretson.

There was disappointment for the citizens present and for the bondholders and members of the reorganization committee. The bid, it is understood, represented the invested interests of the Cleveland bondholders, who had hoped that some bidder would offer a bigger sum and lift the burdens of reorganization and management from their shoulders.

Besides Messrs. Garretson and Squire, there were present from Cleveland E. H. Bourne, H. P. Eells and H. P. MacIntosh, representing all the banks holding Consolidated street railway bonds.

Immediately after the property had been sold to Mr. Garretson, Co-Receiver Rockhill informed the purchaser that the transfer would be made as soon as Judge O'Rourke had approved the sale. Messrs. Bourne, Eells, MacIntosh and Squire returned to Cleveland this afternoon and General Garretson will go to New York on the Pennsylvania limited this evening.

A Sentinel reporter asked Mr. Garretson when a reorganization would be effected and he said that could not be determined until the court had approved the sale and the transfer had been made. A reorganization, he said, would be effected in Fort Wayne and when questioned as to whether any Fort Wayne men would be interested he stated that would remain for the new company to determine.

It was anticipated by many that Frank DeH. Robison would be present and make a bid or have a bidder here, but no word was received from him and it is believed that he will rely on his contract with the reorganization committee to ultimately secure for him the control of the road. Judge Russell in an interview printed in The Sentinel the last time he was in Fort Wayne, made the statement that the interests of Mr. Robison would be best subserved by allowing the reorganization committee to bid in the property. Mr. Robison, he said, hoped to be able to carry out his agreement with this committee and ultimately regain control of the property.

The sale means that the old company, by its creditors, is again owner of the property, which will within a short time be out of the hands of the receiver. The bonds and preferred stock, it is understood, are now all in the possession of the reorganization committee, the Robisons owning only part of the common stock. This, of course, will count for nothing in the reorganization of the company, but if Mr. Robison carries out his contract with the reorganization committee and meets the roads obligations he will again be in control. Some people who should know, opine that Mr. Robison will never again be in control of the street railway, while others, and among them Mr. Robison's closest advisers, believe that he has matters so arranged as to be able to again secure possession. That is a matter, however, that time alone will determine, and the reorganization committee must first get possession and form a new company before the exact status of affairs will be known to the public.

SELECTING A ROUTE.

Manager Trier, of the National Telephone and Telegraph company, accompanied by his superintendent of construction, left the city today for Columbia City. They make the trip overland and are selecting a route for the new line to be erected between Fort Wayne and Columbia City.

TRUAX HAS AGAIN RESIGNED.

FESTIVAL COMMITTEE CHIEF SAYS HE WILL QUIT.

Result of a Long Train of Troubles—Says He Will Help the Show As a Private.

Chicago, Sept. 27.—Charles Truax today resigned as chairman of the general committee of the fall festival association. He issued the following letter:

"An open letter to the general committee of the Chicago autumn festival:

"As it has been stated by the city press and by those representing the labor organizations of this city that said labor organizations will heartily co-operate to contribute to the success of all the features of our October celebration provided I will resign my office as president of your committee, I deem it to be my duty to meet the emergency, which I now do by tendering to you without reserve my resignation as your executive officer.

"I assure you of my earnest co-operation in any way in which I can be of service to your committee. As a mark of your regard for me, I ask that you accept this without comment or discussion so far as relates to my actions and at once name my successor that the work of preparation may proceed without interruption to the end that the citizens of Chicago may meet the great responsibility resting upon them in the discharge of the duties necessary to the occasion.

"The incidents about to transpire in this city will appear as pages in our history. Our chief executive is soon to be our guest and he will here meet the representatives of other nations and many distinguished citizens of our country. These facts give to the autumn festival an international significance that on this occasion, in my estimation, dwarfs men and committees.

"Will you kindly consider this a call for a special meeting of the general committee to take place at the Union League club at 1 o'clock on Wednesday, September 27, at which time I will present this communication in a formal way.

"Charles Truax,
"President Chicago Autumn Festival."

MORE TROOPS GO.

London, Sept. 27.—The Currie line has just received an order from the admiralty to prepare the Braemar Castle, of that line, to sail for the Cape October 6 with 1,400 officers and men. This is an entirely fresh batch of troops and the composition of it is unknown.

The Currie line has been compelled to cancel its passenger list, which was made up, and workmen have been sent to transform the Braemar Castle into a transport. In spite of these warlike preparations South African circles in London still believe there will be no war and that the Boers will finally concede the British demands.

HAVANA STRIKE ENDS.

Havana, Sept. 27.—The stevedores and wharfmen who had been on a strike returned to work today and the operation of loading and unloading vessels is now in full swing. The cartmen are also working, as are many of the cabmen. The firemen of the railroad have gone out and the trains are run by apprentices under police protection. It is thought the strike will be declared off, but the agitation will be resumed later.

Aaron Saylor, of Lompoc, Cal., has been called to the bedside of his wife, who is very ill with typhoid fever at the home of her parents, Mr. and Mrs. George Robinson, of 216 St. Mary's avenue.

GLOOMY OUTLOOK.

PROSPECT OF WAR DOES NOT GROW LESS.

PREPARING THE BOER REPLY

TO BE DISCUSSED SECRETLY BY THE RAAD.

TRANSVAAL GETTING READY

BRITAIN'S PREPARATIONS GO STEADILY ON.

London, Sept. 27.—The Transvaal situation remains unchanged, though the feeling of gloom has deepened. Cablegrams from Pretoria and Cape Town show that the general impression prevails there that the Boers will not recede from their position and that the feeling of unrest at Pretoria has been intensified. A dispatch today announces that the Transvaal government has begun to appoint officers to go to the front in case of hostilities.

The executive council of the Transvaal had a prolonged sitting yesterday and has been in constant telegraphic communication with the Orange Free State. No decision, it is now said, regarding the attitude of the Free State has yet been reached.

THE TRANSVAAL'S REPLY.

The Transvaal's reply to the dispatch of the secretary of state for the colonies, Mr. Chamberlain, will be drafted today and submitted to the raad in secret session. The members appear convinced that Great Britain is determined on war. Being anxious not to force Great Britain's hand, the Boers will not take any definite steps until the draft of their reply is considered; but notice has been issued to the burghers to be in readiness for commandering, which commences shortly. A quantity of arms, chiefly Martini rifles, have been distributed. The Orange Free State raad continues in secret session.

RECRUITING AMERICANS.

A telegram from Johannesburg says an American named Blake is raising an American corps of five hundred men for the Boers. On the Cape side the dispatches show great military activity in the direction of the frontier.

The camp at Dundee now consists of two regiments of infantry, a hussar regiment, two field batteries, one mountain battery and a detachment of engineers.

The King's rifles are now encamped at Lady Smith and the Fifth lancers are arriving there.

TROUBLE WITH DRIVERS.

The authorities have been unable to overcome the trouble with the Cape drivers, who refuse to accompany the mountain batteries to the front from Lady Smith, which is one of the bases of operations. An armored train, completed at Cape Town, left there at midnight for Lady Smith. It consists of a powerful engine, with a three-fourth-inch boiler, a tender and three twenty-ton cars. The whole outfit is painted khaki color, is loopholed for rifles and a machine gun, and is capable of carrying 120 men.

PATROLLING THE BORDER.

The Bechuanaland border is closely patrolled day and night.

Most of the British residents have left Pietermaritzburg, Natal, and the northern part of the Transvaal, whither, it is announced, commands of 250 burghers will shortly proceed.

It is reported that the Boer agents have made large purchases of grain at Durban.

The inhabitants of several townships on the frontier have appealed to Sir Alfred Milner, the British high commissioner in South Africa, to send them military protection.

NATIVES ARE RESTLESS.

A dispatch to the Pall Mall Gazette from Cape Town reports evidences of unrest among the Griquas and Pondos and a section of the Bechuanaland and Matabeles. It is feared they will revolt in the event of war.

The war office has ordered the whole transport and supply for army corps to prepare to proceed to the Cape. This is a very important order and implies the early dispatch of an army corps.

The men of twenty-five companies are being medically examined at Aldershot today.

Herbert Habig, a young son of Mr. and Mrs. August Habig, fell from a tree into which he had climbed this morning, breaking his left arm. Dr. Kesler set the fractured member.

Mr. and Mrs. W. W. Bodgers, of Petoskey, Mich., are visiting friends in the city.

FLAG CAME DOWN

ADMIRAL SAMPSON DIPS TO ADMIRAL HOWISON.

CRUISER CHICAGO ARRIVES

HOWISON IS SENIOR AND IN COMMAND OF FLEET.

WILL NOT CHANGE PROGRAM

SAMPSON WILL BE CHIEF OF NAVAL PARADE.

New York, Sept. 27.—The United States cruiser Chicago, flagship of Rear Admiral Howison, reached this port today from a long cruise, during which she touched the coast of Africa and visited Port Said. The cruiser proceeded immediately to the government anchorage off Tompkinsville, S. I., and took a position astern of the old ship Lancaster.

A few moments later the blue flag of Rear Admiral Sampson's ship, the New York, was lowered and a red flag substituted, indicating that Sampson was no longer in command of the fleet here.

As the Chicago was proceeding up the lower bay she was mistaken by the officers of the forts for the Olympia, Dewey's flagship, and an admiral's salute of seventeen guns was fired.

The salute was returned by the Chicago and was a signal for a general demonstration along the shore. Cannon were fired and small arms discharged while the ferry boats and railroad engines started a deafening chorus of whistles.

It was explained today that while both Admiral Dewey and Rear Admiral Howison outrank Admiral Sampson, there would be no change in the arrangements giving Rear Admiral Sampson full control of the naval portion of the naval demonstration in Admiral Dewey's honor. Rear Admiral Howison will be a guest at the ceremony, but his presence will not interfere with Admiral Sampson.

THE BICYCLE PARADE.

The committee having in charge the bicycle parade, held a meeting this morning and decided upon the line of march. The parade will form on Berry street with the right resting on Harrison street, start east on Berry to Calhoun, south to Washington street, west to Rockhill, north to Wayne, east to Griffith, north to Berry, east to Calhoun, south to Montgomery, east to Barr, north to Wayne, east to Monroe, north to Berry, west to starting point, past the judge's stand. The judges will be Messrs. Fred Beach, John L. Hanna and Sam Wolf. The following committees have been appointed to wait upon the professional men to ask them to participate in the parade: Dentists, Drs. W. W. Shryock, W. W. Mungen and Ed. Rabus; physicians, Drs. Drayer, English and Sivers. Committees have also been appointed to visit the Bass Foundry and Machine works, Electric Light and Pennsylvania shops and also the barbers.

STRANGERS UNDER ARREST.

Detectives Coling and Wilkinson last night arrested four young fellows who were loafing about the Nickel Plate railway. In police court this morning they said they were from Detroit and gave the following names: Charles Vaughn, Walter Markle, Avra Forskee and Edward Bialey. Mayor Scherer ordered the lads to leave the city at once and they were given their freedom.

William Fitzgerald, Frank Haynes and William O'Neill, train climbers arrested by Detective Fuschober, were sent to jail for sixteen days.

MADE ANOTHER RAID.

Sergeants Harkenrider and Stevens and Officer Borgman last night raided Daisy Osborne's rooms on East Columbia street and Eva Davis' rooms on Clinton street. Two women and one man were arrested at each place. The sextette put up and forfeited by not appearing in police court this morning.

A MONSTROUS MUSHROOM.

Senator Ellison brought to the city a huge mushroom which had been grown on Mondamin Meadows, his dairy farm. The mushroom measured 57½ inches across the top one way and 48 inches the other and weighed 11 pounds, 6½ ounces. Mr. Ellison distributed the monster among his friends in the west end of the city and the entire neighborhood are enjoying mushroom with their meals.

MUST GET TAGS.

Mayor Scherer this morning instructed Superintendent Gorsline to issue an order to all patrolmen to arrest any person riding a wheel or driving a horse and buggy for which no tag had been procured. Comptroller Berghoff is desirous of arresting first some person who is in the agreement to fight the law and Detective Coling is on the lookout for one of these riders. The tags must be procured at once as arrests will be made commencing tomorrow.

GATHERED IN THE COURTS.

WILL OF FRANCES STEINACKER FILED FOR PROBATE.

All the Property Goes to the Children

Items of Interest Gleaned From Records.

The will of the late Frances Steinacker has been filed for probate. She makes special bequests to the pastor of St. Paul's Catholic church and to two of her sons and then provides that after these bequests are paid all her property shall be equally divided among the six children.

THE HEIRS WIN.

The contested Probasco will case was decided in Columbia City this morning in favor of the heirs, children of A. C. Probasco, who get the property, worth $20,000, which had been willed to Baptist missionary societies. Unless carried higher the Michigan Trust company must pay the legacies to the children.

PLEA FOR CARTER.

WAYNE M'VEAGH BEFORE THE ATTORNEY GENERAL.

HE SPEAKS OF INJUSTICE

WANTS TRIAL BEFORE CIVIL TRIBUNAL.

ARMY COURT INCOMPETENT

TAKES A SHOT AT THE WAR DEPARTMENT.

Washington, Sept. 27.—Attorney General Griggs today gave a hearing to Hon. Wayne MacVeagh, counsel in the court martial case of Capt. O. M. Carter, of the army. Mr. MacVeagh asked for a judicial hearing in the case, saying that if the president affirmed the proceedings he would be guilty of an act of great cruelty and wrong. The record was, he contended, so saturated with errors of law that it is impossible in a country governed by law to affirm the finding.

Before proceeding with his argument proper, he corrected what he designated as erroneous reports concerning the case. The first of these to which he gave his attention was a statement that Secretary Alger had allowed Captain Carter to take away and keep possession of the record of the case. This was, he said, absolutely untrue. The counsel for the accused had never seen the original record and had received no favors. It was also false that the representatives of Captain Carter had importuned the president in the captain's behalf. On the contrary, the only pressure brought to bear upon the president was from the other side, for the affirmation of the finding.

He recited eleven instances of what he termed positive inventions retailed to the correspondents of the newspapers during the past eighteen months.

Sooner or later he expected to reveal the authors of these reports and expose their motives and then to hold them as a body responsible for their truth. He had thought of asking the new secretary of war to signalize his entrance upon his duties by posting this notice over the doors of two of the divisions of the department:

"No falsehoods shall be disseminated from this office during office hours."

MacVeagh also denied that the finding of the court had been unanimous, notwithstanding he said the war department had so stated.

In asking that the court martial verdict be set aside Mr. MacVeagh urged the unfitness of such a court, composed of men untrained in the law, to deal with questions such as those involved in this case. The findings of such a court have no validity and carry no weight.

The findings were based on a jumble of incongruous and discordant charges, ranging from embezzlement and deceit in the smallest matters to charges of conspiracy of immense magnitude.

In reply to a question from the attorney general, MacVeagh admitted that no objection to the misjoinder of charges had been made in the court martial.

Mr. Griggs suggested that the objection should have been made at that time, adding that he was expressing no opinion upon the merits of the points at issue.

Continuing, Mr. MacVeagh said that only a fair trial was asked and a fair trial could not be had upon such a collection of charges as had been made in the case. Mr. MacVeagh also dwelt upon the point that the charges were brought, notwithstanding the statute of limitations. He contended that "the flagrant violation of this act of congress was sufficient to vitiate the proceedings."

He had no doubt that Captain Carter was convicted from the time he pleaded this statute before the court, but this was done under advice and was at least legitimate. With reference to the checks issued by Captain Carter, Mr. MacVeagh contended that he could not under the law have avoided their issuance.

The same was true of every act performed by him in this connection; not one act was optional. Speaking of the high prices paid for service by Captain Carter, Mr. MacVeagh said they were paid on lettings after advertising; hence the profits of the contractors were not legitimate evidence against the officer in charge.

Moreover, in many instances the prices paid were no higher than those paid for similar services by other officers in like cases.

HECLA WILL SEND SOLDIERS.

The only enlistment today was that of Paul Huefner, of this city, who will join the volunteers. An applicant from Hecla, a little village in Whitley county, could not pass the examining surgeon, but he informed Sergeant Stewart that within a few days a number of young men from his town are coming to this city to enter the volunteer service. Lieutenant Rowell will swear in the new recruits Saturday morning.

Mrs. Hugh Welch, of 29 Holman street, is visiting friends in Toledo.

Don, the ten-year-old son of Mr. and Mrs. F. L. Jones, of Haugland avenue, fell in his yard at his home, while playing with a number of companions, Tuesday morning, breaking his right arm. Dr. English was summoned to attend the injury.

DEATHS AND FUNERALS.

VEVIA.

Friends in this city were notified Tuesday evening of the death of Mrs. Mary Vevia at her home at Muskegon, Mich. She was the wife of Frank Vevia, at one time a Pennsylvania conductor residing in Fort Wayne. Peter Travis, the Pennsylvania conductor, is a brother of the deceased.

SAVERCOOL.

Mrs. E. M. Savercool died Tuesday at her home in Boston. She was the wife of the eastern manager of the S. F. Bowser Manufacturing company, and was well known in Fort Wayne, where she resided previous to her marriage. Her maiden name was Emma Smith and she was the daughter of C. L. Smith, who has been dead several years. Her mother was for a number of years matron of Hope hospital. Mrs. Savercool spent the greater part of the past year in the northwest, and but recently started east with her husband. At Chicago she was taken ill, but recovered sufficiently to resume her journey. Reaching Boston she underwent an operation Monday in the hope of regaining her health, but grew worse and death ensued.

The remains will be brought to Fort Wayne for interment.

HARTMAN.

Cyril Clinton Hartman, the baby son of Mr. and Mrs. George Hartman, died Tuesday evening at the family home, 255 St. Mary's avenue. The little one's age was 11 months and 11 days, and death was due to congestive chills. Funeral services will be held from the residence Thursday morning at 9 o'clock. Interment at Prairie rove cemetery.

MEISNER.

Gottlieb Meisner died from pneumonia at St. Joseph hospital early Tuesday morning, at the age of forty-two years. He leaves several children.

The funeral arrangements have not been made.

MOUSNEST.

Gottlieb Mousnest, 42 years of age, died at St. Joseph hospital at an early hour Wednesday morning, from pneumonia. He had been ill for several weeks. Several children survive him. The funeral services will be held Thursday afternoon at 2 o'clock from the undertaking parlors of Shone & Veith. Interment at Lindenwood.

A representative of the Toledo Commercial called on Steve O'Connor, the news agent, and appointed him local agent for that paper. The Commercial was recently purchased by HonJohn R. INCITE REBELLION.

FILIPINOS PREACH REVOLT AT MALABON.

BUT FIVE MILES FROM MANILA

ONLY A SMALL AMERICAN FORCE THERE.

MAYORS REFUSE TO SERVE

A HITCH IN THE RELEASE OF SPANISH PRISONERS.

Manila, Sept. 27.—6:12 p. m.—The insurgents are trying to incite the natives of Malabon, a city of 30,000 inhabitants, five miles from Manila, to rise against the American garrison. Captain Allen has been holding the place with two companies of the Sixteenth infantry; but on account of the need of all available men at the front, his force has been reduced to seventy men. They now remain near the big church, where they are quartered. Owing to few in number no attempt is made to patrol the town. Armed, uniformed parties of insurgents recently disembarked from cascoes during the night, collected money for the insurrection and preached revolt. Two mayors have been elected, but both of them declined to serve.

Malabon has been the shipping point whence provisions and other stuff are brought from Manila by trains and shipped into the hostile territory.

A HITCH IN THE PLANS.

Manila, Sept. 27. 9:55 a. m.—The American authorities have declined the request of General Jaramillo, the Spanish officer who is settling Spain's military affairs in the Philippine islands, to send a vessel under the Spanish flag to collect the Spanish prisoners at insurgent ports, as stipulated by the Filipinos, on the ground that the ports are closed, that such a step, therefore, would be unlawful and because they declined to accept the Filipinos' dictation.

The authorities are ready to send an American vessel.

The Spanish commission, therefore, will return to the insurgent lines and endeavor to effect an arrangement for the delivery of the prisoners on board an American vessel.

Aguinaldo has issued a statement saying the warlike activity of the Americans has prevented the concentration of the prisoners, as intended, but that they will be delivered up on October 19.

The Tagals of the island of Mindanoa have expressed their readiness to accept American sovereignty in exchange for protection against the harrassing Moros.

A native officer has offered Major General Otis 1,000 Macabebee tribesmen to fight the Tagals of the Laguna de Bay district.

The troops engaged in the fighting at Cebu belonged to the Nineteenth infantry, Sixth infantry, Twenty-third infantry and Sixth cavalry.

A YOUNG METHOD.

Crown and Bridge Work is comparatively young in dental methods, and only within a short time has it been perfected and become recognized for real value. It is especially difficult work calling for expert understanding of its principles and long practice to make perfect. The old fashioned dentist won't rather advise against it than attempt it. We would rather perform such expert work than any we know, because we know how perfect its results may be made—and how to make them perfect.

Charles Truax, of the Chicago festival committee, has again resigned in the interest of harmony, but there is some reason to believe he has used the same old string.

Admiral Dewey will be welcomed at any old hour of the day or night he may happen to arrive.

Admiral Dewey seems to be incorrigibly addicted to the habit of perpetrating surprises. Father Knickerbocker would not have been more astonished if he had got up yesterday morning to find somebody had pilfered the Brooklyn bridge than he was to find the Olympia with Admiral Dewey aboard was in the lower bay.

Those Tennessee boys who piled off their homeward-bound trasports to take a hand in the fighting near Cebu show how well and how quickly the American volunteer can learn his trade where there is business to do.

A century ago Adam Smith noted as a remarkable accomplishment the manufacture of 48,000 pins by ten men in a day. In these times it is considered an ordinary achievement for three men to make 7,500,000 pins in the same time. In like manner, when merchants began fifty years ago to advertise extensively people considered that action a remarkable exhibition of enterprise. But the scope and methods of newspaper advertising have radically changed since then. The needs of mankind have increased and become more varied. It is absolutely necessary therefore for the tradesman to make constant proclamation of the fact that he is in a position to supply at least some of those needs. He used a popular newspaper for that purpose, with profitable results.

The only reason General Shafter should not have the brougham he has asked the war department to furnish him appears to be that the army regulations do not provide for such a contingency. The case may be considered exceptional, however, as the regulations do not provide either for such a contingency as a general who has outgrown his ability to ride a horse. The regulations were already stretched a little when the commander of the department of California was allowed a team of horses and a buckboard for his personal use, and the only difference between a buckboard and a brougham costing $1,100 is one of price. Here is a chance for any automobile company realizing the value of advertising to furnish the general with an automobile free of charge.

WELCOME, ADMIRAL DEWEY.

Way out here in Indiana where we have no elaborate schedule of doings to be run by a stop-watch for the welcoming of Admiral Dewey, we are not in the least perturbed by his premature arrival in American waters. We are glad he is home. The noisy welcome New York has prepared for him will prove the trouble and expense that the people are willing to incur to show their delight at his coming, but the people east have no warmer heart for this superb fighter and grand American than the people of the west. And if Admiral Dewey will journey out this way he will get a demonstration that the folks in New York have no monopoly of the art of hilarious and hearty noise making.

Admiral Dewey returns to American soil after nearly two years' absence acclaimed the greatest of living Americans. No man in our country's history has been more beloved, and none with more for which to be loved. His splendid service in war, his sturdy patriotism and his modesty in a career that has added so much to the glory of American history endear him to his countrymen.

Welcome to Admiral Dewey.

TELEPHONE AND ITS USERS.

A recent compilation of facts concerning the use of the telephone in the United States gives certain figures which to the average person seems astounding. The telephone is part of the daily life of the people of this country, yet few fully appreciate the extent of its utilization. In 1880 there were in use under rental 60,873 telephones. Even this number seemed large, and when in 1881 it had increased to 132,692 there were not lacking persons who predicted that from that time forth the telephone's increase in popularity would be slow. But notwithstanding the judgment of the wiseacres, the telephone came into use more and more until at the close of 1898 the number in the hands of licensees of the Bell Telephone company was 1,124,846, an increase over the preceding year of 205,725. This number does not include the many thousands of subscribers to telephones in the independent companies. In Pennsylvania, Ohio, Indiana, Illinois and Michigan there are now scores of independent exchanges, some of them having an enormous clientele.

In 1885 there were in operation 137,323 miles of telephone wires, included in the overhead, underground and submarine systems, while at the beginning of the present year this mileage has grown to 1,158,000 miles. But more astonishing still are the figures showing the construction account of the American telephone companies, which indicate that since the Bell telephone first came into use no less than $111,159,309 has been expended for the establishment of lines and systems.

The telephone is an American invention and it is employed by Americans to a greater extent than by any other people. In England there are so few telephones in proportion to the population that thousands of persons are to be found right in the city of London who have never talked through nor seen them, even if they have heard of this invention which long ago lost its right to be called new. On the other hand, however, there are very few Americans who do not employ the telephone at least occasionally and thousands find it indispensable. If for any reason the telephone systems of this country should be put out of commission for a week or but for a few days, the confusion that would follow would be most unfortunate. Even a slight disturbance of the wires causes a great trouble and oftentimes means a large money loss. Of course, if the telephones were to be wiped out of existence we would learn to do without them, but it would be a rough and wholly undesirable experience, and realizing this Americans find it difficult to understand how in the world Englishmen and other foreigners manage to dispense with so great a time and trouble saving device.

MORE ATTRACTIONS.

Secretary Frank Purcell, of the Amusement association, left on Tuesday for Warsaw to secure entries for the horse races and to advertise the barbecue. While in Warsaw Mr. Purcell will secure the services of Nemo, a young lady whose specialty is to allow herself to be buried underground. She will be buried every morning and will be disinterred in the afternoon after the races. The handsome prizes for the bicycle parade in the window of Sam, Pete & Max, the clothiers, have attracted a good deal of attention among the wheelmen and a great many numbers have been given out by Pickard Bros. and the Randall Wheel company. Circular letters have been sent out to the different bicycle dealers of the city requesting them to assemble the riders of the particular make of wheels for which they are agents on the day of the parade, and each separate group will ride under its own banner. Angus McPherson, official representative of the association, left today for Kendallville to advertise the races and secure entries. Willis Pearse is in Bluffton and is also securing entries for the races.

TALKED OF JAPAN.

Miss Mary C. Hollowell, who is a visitor in this country after a seven years' sojourn in Senddi, Japan, delivered an interesting lecture on the manners and customs of the Japanese in the Salem Reformed church Tuesday evening. Miss Hollowell spoke of the condition of women in Japan and gave a story of a Japanese woman from her earliest infancy to her old age. A Japanese woman has to learn four lessons of obedience, obedience to her father, to her oldest brother, to her husband and to her sons. Their marriage and divorce system is very simple. A Japanese thinks it is degrading to walk with a woman and this is one of their main objections to becoming Christians. There are two schools of the Reformed church in Senday, one for girls and one for boys. Miss Hollowell was a teacher in the girl's school and she said that missionary influence was gaining a great foothold among the younger generation of the Japanese and that more and more of the young people are being brought to Christ each year.

WEDDED TODAY.

Victor Allen, of this city, and Miss Josephine Cavalier, of Arcola, were united in marriage at Arcola this morning. The ceremony was performed in St. Patrick's church at Arcola at 8:30 o'clock. Mr. and Mrs. Allen will take up their residence on Montgomery street, in this city. The bride is a daughter of Victor Cavalier, of Arcola, and the parents of the groom, Mr. and Mrs. William Allen, reside at Cuesse.

A VERY BOLD HORSE THIEF

SUPPOSED TO BE DRIVING EAST WITH THE ANIMAL.

The Thief Killed and Skinned His Own Horse After Stealing Another.

Gilbert Notestine, a Lagrange county farmer, was in Fort Wayne this morning hunting for a horse which had been stolen from his barn on the evening of Sunday, September 24. Mr. Notestine lives four miles from North Milford, Lagrange county, and near his place for a week was camped a huckster with a woman and two children. The huckster had an old broken down horse and it is supposed he saw a chance to better himself, for on Sunday evening the camping party disappeared and at the same time Mr. Notestine's horse disappeared. He didn't miss the animal until Sunday morning and immediately suspected the huckster. He followed the fellow toward Rome City and then lost track of him. Later he learned that the horse had been driven toward Churubusco and went to that town. At the farm of Nelson Hydeman, in Eel River township, this county, Mr. Notestine learned that the huckster had killed and skinned his own horse and started on east with Mr. Notestine's animal. They traced the outfit to Dunn's Mills, a few miles northwest of Fort Wayne, and there lost the trail. Mr. Notestine and Mr. Hydeman came to the city and notified the sheriff and postal cards were printed and sent to officers in towns for miles east, south and north of Fort Wayne. The horse is a big bay, seventeen hands high and weighs 1,500 pounds. He is about twelve years old. He is hitched to a three-spring huckster wagon and the supposed thief is between thirty and thirty-five years old.

DIPHTHERIA IN THE STATE.

Diphtheria has been reported to the state board of health as appearing in almost every county of the state within the last two weeks. In regard to this the forthcoming bulletin of the board will have this to say:

"The mortality is low, a result largely due to the now quite general use of anti-toxin. Investigation shows of those who, as physicians, nurses or otherwise, are associated with diphtheria patients, that 16 per cent. carry contagion in their throats. Unless, therefore, those who are in contact with the disease will spray their nostrils and throat with an antiseptic, they should be looked upon as dangerous. This spray should be in addition to precautions carrying the contagion on hands, beard, hair and clothes."

FOOTBALL ABOLISHED.

Middletown, Conn., Sept. 27.—The athletic association of the Middletown high school passed a resolution that no more foot ball games shall be played this season. Games already scheduled have been cancelled. This action is due to the death of Thomas Kelly, a member of the foot ball team, who died at Meriden hospital from injuries received in the game with the Meriden high school team on Saturday last. Similar action is expected on the part of the Meriden high school.

VOLCANO DISCOVERED.

Victoria, B. C., Sept. 27.—The officers of the British warship Leander, which returned to Esquimault today from a cruise in South American waters, reports that a volcano on James Island, one of the Galapagos group, became very active about three months ago, sending broad streams of lava down its sides. No damage was done, as the island is uninhabited. When the Leander was going into Calao the British bark Tenseran was found stranded off the Rimac river. For three days the Leander worked at her before, with the assistance of the steamer Baquin, she was saved.

HAD A HOT TIME.

APPROPRIATIONS ORDINANCE FAILS TO PASS.

SECURED ONLY TEN VOTES

MAJORITY IS SQUELCHED BY MINORITY.

OLD ORDINANCE AND LEVY

WILL BE IN FORCE FOR THE YEAR 1900.

There was a warm time at the council meeting last evening, much warmer than one often sees in the usually uninteresting proceedings of the city dads. Mayor Scherer called a special meeting of the council to consider estimates for appropriations submitted by the various boards and six of the twenty members of the august body did not respond to roll call. The absentees were Councilmen Haag, Hayes, Hench, McMahon, O'Ryan and Scheid, most of whom were out of the city transacting business. During the afternoon members of the administration hustled about and secured the promise of the attendance of enough members to guarantee a quorum and it was hoped that all would be serene at the meeting.

The finance committee had agreed on a report Monday evening fixing the levy at 97 cents and providing for a municipal light plant of 4½ cents. The estimate for park purposes had been cut from $10,000 to $9,000, the estimate of $720 for a meat inspector had been entirely wiped out and the estimate for electric lights had been cut $470. The city officials did not approve of this report and there was big hustle Tuesday to have it changed. Messrs. McMahon, Haag and Borkenstein agreed to cut the levy to 95 cents, cutting off 2 cents from the levy for a municipal light plant, recommending instead that "if" there was a surplus in the funds on January 1, 1900, an additional appropriation of $2,000 or $3,000 be made. Councilmen Poirson favored the 95 cent levy, but declined to suport the proposition to cut off 2 cents from the municipal lighting plant fund. He accordingly brought in a long minority report calling attention principally to the $56,000 which had been secured as premium on the city bonds, but which the comptroller had not included in his estimates. Both the majority and minority reports were referred to the committee of the whole, which went into session to discuss the levy and appropriations. Councilman Wheelock was elected chairman and Councilman Lennart secretary. The session was a hot one, Councilmen Hosey, Poirson, Borkenstein, Buhr and Clark contending for a 4½ cent levy for municipal lighting purposes. Councilmen Wheelock and Ehrman made the fight against the increase. Councilman Wheelock said that he opposed the larger appropriation for the reason that it would place a few extra thousand dollars in the hands of the county treasurer on which he would get the interest. Mr. Ehrman believed that a larger levy for the purpose could be made next year and Messrs. Schuler and others were of the same opinion. After a prolonged debate a vote was taken and the 3½ cent advocates won 9 to 5. Mr. Hosey had made an effort to secure a reduction in the appropriation for street intersections, but received no support. Instead the majority of the committee placed back on the appropriations the $1,000 stricken from the park fund and $470 cut from the light fund and fixed the levy at 94 cents. Two reports of the committee of the whole were prepared and submitted to the council, the minority report securing only the signatures of Councilmen Borkenstein, Hosey and Poirson. Eleven members signed the majority report, which was read, and then Councilman Hosey asked that the minority report be read. There was opposition at once from Councilmen Wheelock, Bauer and others, who contended that the minority had right no right, according to parliamentary usage, to submit a report. Mayor Scherer declined to rule, but suggested that there was nothing wrong in reading the report. But the majority of the members were determined to have matters their own way and Councilman Bauer moved that the report be laid on the table without reading. The motion carried by a vote of 9 to 4, Councilman Clark declining to vote because he believed it was the mayor's duty to vote. Councilman Poirson had prepared an addition to the minority report signed by himself and he asked that this be read, but the majority was obdurate and Councilman Wheelock sarcastically explained that the majority were trying to save newspaper space at 17 cents an inch.

After the minority reports had been squelched a vote was ordered on the majority report, which read as follows:

MAJORITY REPORT.

Fort Wayne, Ind., Sept. 26, 1899.

To the Honorable Mayor and Common Council:

We, your committee of the whole, to whom was referred the report of the finance committee, and appropriation ordinance, respectfully report that we recommend the following changes in the report of the majority of said committee: That the item of park fund remain at $10,000; street light fund remain $27,300; and that the item of meat inspector be stricken out, and the levy be made as follows:

For general purposes and interest	84½ cents
For sinking fund	05 "
For Anthony Wayne monument fund	00¼ "
Fifiremen's pension fund	01 "
For municipal electric light fund	03½ "
Total	94 cents

We now recommend that the ordinance pass as amended above.

K. K. Wheelock, Chairman.
Wm. J. Lennart,
John J. Bauer,
Edw. J. Ehrman,
Frank X. Schuhler,
W. E. Gerding,
C. H. Buhr,
A. W. Clark.
Joseph F. Zurbuch,
D. S. Eckert,
Henry Schwartz.

The report was adopted by the following vote:

Ayes, 11, viz.: Bauer, Buhr, Clark, Eckert, Ehrman, Gerding, Lennart, Schuhler, Schwartz, Wheelock, Zurbuch.

Nays, 2: Hosey and Poirson.

Clerk Monning then proceeded to read the appropriation ordinance. During the discussion and the reading of the ordinance Councilmen Borkenstein and Zurbuch had left the council chamber believing probably that the end was in sight, but it wasn't. Only twelve members were present and when the names of Councilmen Hosey and Poirson were called each explained his attitude and refused to vote. There was no objection and the result was ten votes for the ordinance, which required eleven votes to pass. Mayor Scherer announced that the ordinance had failed to pass. Then Councilman Wheelock remembered that there was a rule which compelled members to vote either one way or the other unless excused by a two-thirds vote of the councilmen present and he hunted up the rule. Councilman Hosey said that he would not violate a rule of the council, but that it was too late to raise the objection as the ordinance had been declared lost. Councilman Wheelock moved to reconsider and the objection was again raised that he had voted for the ordinance and could not move to reconsider. The Eighth ward councilman then hunted up another rule of the council which permits the majority to make a motion to reconsider and the ordinance was reconsidered. A second vote was taken, the ordinance receiving ten votes and Councilmen Hosey and Poirson voting "nay." There wasn't enough votes to carry the ordinance and Mr. Hosey moved to adjourn until Friday evening, when more councilmen could be present and the necessary votes for the passage of the ordinance might be secured. He explained that he could not support the ordinance, but if a majority of the council favored it they should be allowed to muster the votes and pass it and he would be satisfied. He was advised that the old appropriation ordinance would be in effect if the new one was not passed and believed that if there were a majority of councilmen who desired the passage of the ordinance they could be given a chance to vote Friday evening.

Comptroller Berghoff gave Councilman Ehrman the tip to make a motion to adjourn and although some of the councilmen were desirous of voting on the ordinance fixing the levy they were not given the chance as the motion to adjourn carried and this adjournment killed all chances for appropriations this fall, unless an entirely new ordinance is introduced at some special meeting of the council to be held this week. The old ordinance provides for a 2½ cent levy for a municipal light plant and for $8,000 for parks.

Following is the minority report of the committee of the whole, which the majority refused to allow read:

MINORITY REPORT.

We, the minority of the committee of the whole, would respectfully report as follows: Making the municipal lighting plant fund levy 4½ cents on the hundred dollars and not 3½ cents; and the levy for all purposes 94 cents on the hundred dollars. This can be done by including the premium, $5,600, on bonds sold by the city as part of the funds available for the ensuing year. Respectfully,

William Hosey,
B. Borkenstein,
Peter F. Poirson.

CHILD'S TONGUE BITTEN OFF.

PAINFUL CONSEQUENCES OF A CHILD'S PLAY.

Little Son of Mr. and Mrs. John Linker Severs Its Tongue by a Fall.

At 4 o'clock Tuesday afternoon, Carlie, the four-year-old son of Mr. and Mrs. John Linker, residing at 20 Marion street, bit its tongue almost entirely in twain by a fall in front of the home. In addition to this, the child's mouth is badly lacerated and upon the chin is a severe gash, which the surgeons were obliged to close with stitches.

The child was playing in front of the Linker home, jumping from the crossing into the gutter. In the last of these jumps the lad fell, and its chin struck with frightful force upon a plank which was lying in the gutter. The child's teeth caught its tongue about midway between the tip and the root of the tongue, and the force of the fall so nearly severed it that only a few shreds of flesh remained holding the parts together.

Dr. Harrod and Dr. Kannel were summoned to attend the little one and the surgeons sewed the severed parts of the tongue together and closed the wound in the chin. It was a very painful operation, but the boy stood it well, and the physicians believe no serious consequences will follow if the child itself does not tear the stitches loose. The child's father is a bartender at Chisholm's saloon.

WORLD OF PRESBYTERIANS

REPRESENTED IN THE COUNCIL AT WASHINGTON.

Delegates Stand for Twenty-five Millions of That Creed—Opening of the Council.

Washington, Sept. 27.—Delegates representing 25,000,000 Presbyterians throughout the world assembled at 10:30 today in the New York Avenue Presbyterian church to attend the first session of the pan-Presbyterian alliance.

The church auditorium is one of the most commodious in the city and had been beautifully decorated for the occasion.

The New York Avenue church in which the sessions of the alliance will be held is one of the most notable in the capital. It is the church which Lincoln attended when he was president, and the pew which he and his family occupied was an object of particular interest to the delegates when they assembled.

When the first session of the alliance convened today about 125 delegates had reported their arrival to the Rev. Dr. G. D. Mathews, general secretary.

It is expected by tomorrow 250 delegates will have reported.

The sessions of the alliance will last ten days. The body is purely deliberative, and not in any sense legislative.

Its capacity is entirely advisory.

The first session today was devotional in character, the services being in charge of the Rev. Dr. Wallace Radcliffe, pastor of the church in which the sessions are held.

The opening sermon was preached by the Rev. John DeWitt, D. D., professor of church history at Princeton Theological seminary, his subject being "The Attitude of Reformed Churches Toward the Bible."

At 2 o'clock this afternoon the first business session of the alliance was held.

The work of laying the brick on the big new addition to the feeble minded institute has been greatly retarded owing to the inability of the contractors in charge of the work to secure bricklayers. The force at work at the present time is very small and a much larger number will have to be put to work in order that the building may be completed in the time specified by the contract.

Forty live sea lions were captured at the Santa Barbara islands recently for the zoo at Antwerp, Belgium. The lions are lassoed on the rocks with an ordinary rope, and with much difficulty are landed and crated ready for shipment. The men hired to capture the seals are expert vaqueros. The animals bring about $150 each.

The report of the commissioners in lunacy states that the number of lunatics in England and Wales at the beginning of the present year was 105,085, an increase of 3,114 compared with the previous year.

After the convict has served out his term in the Maine penitentiary and has donned the suit of clothes given him by the state, he is required to sit for his photograph and it is kept for future reference.

BOYS BURNED TO DEATH.

Evansville, Ind., Sept. 27.—Three boys were burned to death today in a fire which destroyed the dwelling of Michael Wiltze, a wealthy farmer living near Buckskin. Mr. and Mrs. Wiltze escaped, but their sons, aged 8 and 11 years, and John Griece, a 17 year old farm hand, perished.

THE POET GETS A POINTER.

1—Poet—Let me see, what rhymes with "Lamb." Now some might say that's easy—

2—But it don't strike me that way.

3—Indeed, I—

WHAT DEWEY SAID

THE ADMIRAL ON SITUATION IN PHILIPPINES.

THINKS WAR WILL SOON END

NATIVES NOT YET FIT FOR SELF GOVERNMENT.

LAUGHS AT THE PRESIDENCY

CAN RUN WARSHIP, BUT NOT THE SHIP OF STATE.

New York, Sept. 27.—An evening paper prints the following as an interview with Admiral Dewey:

"As to the Philippines, I am no talker; never was. I have often wished that I could talk, but I have never made a speech, and I am too old to learn new tricks. You know as much about the Philippines as I do. Any intelligent American citizen who has followed with the slightest interest what has happened there since we whipped the Spanish fleet knows as much of that problem as I or any man aboard ship.

"Ever since I left the islands I have read everything that I could obtain bearing upon the islands and what has transpired there since we left. At the time I left I said the insurgents were on their last legs. It's got to come—they can't stop it. They can't hold out against the army and navy. I believed then that they would be unable to secure the arms and ammunition without which they could not wage war, but I have learned through the newspapers since that they have received the necessary supplies. That must be stopped and the insurgents will then be of little strength. They are good soldiers, splendid ones, and their powers of endurance are remarkable."

SELF-GOVERNMENT.

"Do you consider that the Filipinos are yet capable of self-government, at least enough so as to allow of the withdrawal of American forces?"

"No, they are not, but in time they will be. It's bound to come out right—bound to," replied Admiral Dewey, decisively. "I will say this much, though, for the Filipinos. They are more capable of governing themselves than the Cubans are.

"Some of them, I doubt not, are now capable of administering affairs, but the great majority of them have the crudest ideas of an honest and efficient government. Their greatest fault is this: They don't know the meaning of the word 'honesty.' Of course, like all Malays who have had an education, they are wonderfully capable of imitation and are admirable artisans when trained.

AGUINALDO A FIGUREHEAD.

"Orderly, get that picture of General Luna," said Dewey, suddenly. "General Luna," he resumed, "was killed by Aguinaldo's orderly while I was on my way back to the United States. The orderly was an expert swordsman, and when Luna attempted to brush past him after the orderly had refused to let him pass, Luna was killed. He was one of Aguinaldo's best generals. Paterno, I should say, is the ablest of them now.

"Aguinaldo is nothing but a figurehead. He is of only average intelligence and ability. The brains are back of him. In Manila he is held at his true worth and there they know who is responsible for what success, if any, has attended the efforts to rebel against our government. Aguinaldo was only a clerk in the navy yard at Manila before he took the field against the Spanish. The men who actually have the most influence among the Filipinos are a number of lawyers, unquestionably able men.

"I have a very fine cane, made of native wood and trimmed with gold, that was presented to me by Aguinaldo. He became quite friendly before the insurgents became our open enemies. So far as that goes we are friends yet," said Dewey, with a smile.

ARCHBISHOP'S GOOD WILL.

The photograph of General Luna, a typical Filipino, bore on its back an inscription written by the archbishop of Manila, Bernardena Nesnleda.

"The archbishop," said Admiral Dewey, with another of those quiet smiles that defy annlysis, "is the gentleman who declared that the Spanish fleet would wipe the scum of the earth off the face of the sea when the Spanish heard we were on our way to Manila. Well, the archbishop became a good friend of mine in good time and we passed many a pleasant hour together on the Olympia.

"I remember very distinctly one day when he turned to me on the quarter deck, pointing to the crew mustered forward, and said: 'Admiral, you must be a proud man to know that you have command of such a fine body of men and to know that they respect and love you.'

"I answered that our ship was only one of many on which the same relations existed, and where the crews were made up of just the same fine chaps. The archbishop was quiet for a moment, and then he said, with every show of feeling: 'Admiral, they are not the scum of the earth. These men are the pick of the earth. I have seen the ships and crews of every nation, but I have never seen what is shown to me on this American warship.'

"I called to one of the men and asked him: 'How much do you get a month?' 'Eighty dollars,' he said, with a salute."

Admiral Dewey smiled again in his quiet way. "That's more," he said, "than a whole ship's crew gets on board of a Spanish man-of-war. Why shouldn't we have the pick of the earth?

"The archbishop was not the only man who was won to admiration by the bravery and splendid appearance of our men. They liked us—all of them. But they were distrustful of us after 300 years of Spanish rule by tyranny. They thought that we meant to do them good, but they were not sure, and—well, it's too long a story to tell now. It's bound to come right, though.

SAYS OTIS WORKS TOO HARD.

"The last thing I told Otis when I left Manila was this: 'You're trying to do too much.' He's down there wearing himself out, and more than once have I told him that if he did not give up some of his work or come home he'd die there in a year. And I believe it, too.

"General Otis is an unusually painstaking man, and he's not only governor general and directing the movements of the army in the field, but he's working with might and soul at everything that comes under his notice in the way of putting down the rebellion and bringing order out of chaos in the islands. It's altogether too much work for one man, and Otis has some exceptionally able lieutenants. With the new troops being hurried to him and our comparative familiarity with what we have to overcome there, I think that the outlook is a cheering one."

NO POLITICAL AMBITION.

Dewey laughed heartily when asked what he thought of the plan some persons had for making him president. Still laughing he replied: They don't know me; that's all." When it was suggested that Gen. Joseph Wheeler had been mentioned as a running mate with him on the ticket, he was more mirthful, and added: "Well, the army and navy—that's too good to be true. We two would make a fine mess of it."

Commenting further, the admiral said: "Once a soldier, always a soldier, covers General Wheeler's case, and the same is relatively true of me. But then General Wheeler has had some political training. I have had absolutely none. No; the change from a cruiser to a ship of state would be too great a change, too great."

IMPROVED IN HEALTH.

The talk then swung to questions about his health, to which Dewey answered: "I feel well, thank you. Much better than the day I left Manila. The voyage has done me much good, and with great consideration the department did not enjoin haste upon our return. Of course, living for thirteen months in Manila bay was very trying on my health, yet I did not feel I could leave it.

"When the Olympia put into Hong Kong for docking purposes, I went to one of the other ships, so that from the day we sailed in until we ran up the homeward bound pennant, I had not left the bay once, and you know this life on ship is an unnatural one."

The chow dog was sniffing excitedly at the trousers leg of one of the visitors, and he cocked up one ear. "He smells the land," said Dewey, "but Bob don't know what it is to come back home to his native country. After I have had a good rest on shore I think I shall feel as strong and healthy as I ever did."

THE INTERVIEWER.

"Admiral, can't you say something about the alleged interference or aggressive attitude of the Germans at Manila?" was asked. The first appearance of brusqueness, bordering on irritation, was evident.

Dewey wheeled about on his heels toward the entrance of the wardroom on the port side and said quickly: "Now, that's something that I won't talk about. Not a word."

CHINESE SERVANTS TO LAND.

Some one here told the admiral that the treasury department had decided that the Chinese sailors on board the Olympia could land for the land parade. Nothing had quite pleased the admiral so much. He summoned Ah Leen, the Chinese steward, who has been with him many years, and when the celestial stood at attention at Admiral Dewey's elbow the admiral said to him smilingly: "Ah Leen, the United States will let Chinamen land for the land parade."

An Asiatic smile untwisted the grave lines on Ah Leen's visage, and, thanking the admiral for the welcome news, he hurried away to tell his fellows. The admiral said later that the Chinese servants and sailors had fought long and well for the United States. He was glad they were to get the medals, but he had been worried to think they would not be allowed to land on the home soil of the United State. His mind was, therefore, relieved.

TO GO TO WASHINGTON.

Admiral Dewey terminated the interview by saying: "There are a good many questions on which I may be expected to talk, but I will have to defer to a great extent my opinions until I have reported at Washington.

"I shall go there on Tuesday, and I cannot say how long my stay at the capital will be. I have many intimate friends there, and so long as the government sees fit to keep me there I shall stay."

YESTERDAY'S GAMES.

NATIONAL LEAGUE.

Pittsburg, 5; Chicago, 0 (first game).

Pittsburg, 12; Chicago, 0 (second game).

St. Louis, 15; Cleveland, 3.

GREENS, 5; FORT WAYNE, 4.

South Bend, Ind., Sept. 27.—It took ten innings for the Greens to defeat Fort Wayne, of the Interstate league, yesterday, although they outplayed and outbatted the visitors. Madden, the South Bend pitcher, played great ball. Score:

Greens... 0 0 3 0 0 0 0 0 1 1—5
Ft Wayne. 0 0 2 0 0 2 0 0 0 0—4

Batteries—Madden and Outcalt; Brashear and Burgen. Hits—Greens, 9; Fort Wayne, 5. Errors—Greens, 2; Fort Wayne, 4.

NOTES OF THE GAME.

Flood's injury seems to have been of such a serious nature that he did not get back into the game yesterday. Childs was on second.

Otto Kruger, the former Springfield infielder, though hardly bigger than a boy, seems to be doing as well as Beck or any of the other Inter Staters who have gone to the big league.

Sid C. Hubbard will represent the Fort Wayne ball club at the league meeting in New Castle Thursday evening, Mr. Mautner finding it impossible to break away from his busines.

The Pittsburg's two whitewashes of Chicago yesterday was not the first time this has occurred this season. Baltimore did the same thing to Cleveland earlier in the season, and Mansfield put two coats on Toledo two weeks before the Inter State season closed.

The Shamrocks will leave for Marion at 7:10 Saturday morning over the Lake Erie and Western. The team will stay in Bluffton until noon and an effort is being made to arrange a game to be played there in the morning. In the afternoon game at Marion Wayne will pitch and Robbins will pitch on Sunday.

Umpire Frank Dwyer, who saw Tenney and Jennings pitted against each other in the same games, says that Tenney is no longer king. "Jennings has Tenney out-pointed at all stages of the game," said Dwyer. "He has all the tricks and speed that Tenney ever had, and is daily springing new ones. He is as fast as the wind, and the fact that he has base ball intelligence second to that of no player in the league easily allows him to make all other first basemen look as if they really knew nothing about playing the position."

The Inter State league meeting will be held in New Castle tomorrow evening, and indications now are that C. B. Power will be a candidate for re-election. He is not so much averse to remaining at the head of the league provided he has the support of the directors in his selection of umpires. On the belief that Power would not be a candidate the names of William Meyer, of this city, George Lamoree, of New Castle, William L. Moreland, of Pittsburg, Harry Weldon, of Cincinnati, and Bart Howard, of Mansfield, were discussed in connection with the presidency. Mr. Meyer will be in New Castle ahead of the directors tomorrow to shake hands with the bosses of the league.

That was an exciting game between the court house nines yesterday. George Stout and John Beuter were in the points for the upper fellows, while Al. Melching and Frank Reichelderfer essayed to do the battery work for the downstairs team. Ed. Parker attempted to keep score, but gave up in disgust in the fifth inning when the upstairs team was ahead 30 to 26. Sheriff Melching issued orders that Frank Torreyson should not be admitted if he came to the gate, because he knew that if Torreyson saw Billy Morton and Ed. Nicodemus cavorting about the diamond he would sign and them in a week "gold brick" one of the big league managers by selling them. Billy Meyer and Al. Melching tried to umpire but soon tired of the job and Julian Franke took a chance. The less said about this umpiring the better. After the game Assessor Greer and Will Morton ran a foot race from second base to the plate and the assessor easily outstripped his "lemonade tub" opponent.

FURY OF THE STORM.

Calcutta, Sept. 27.—The great storm of Sunday and Monday which caused destructive landslides and floods, gathered at the head of the bay of Calcutta and then moved north, giving heavy rain in Calcutta, Dinajpur, Rangpur and Julpaiguri. Its greatest fury was felt at Darjeling. Simultaneously, another storm gathered at Rangur and passed westward from Purnea to Monghir. The usual weekly reports have not been received by the government and there is reason to fear that the district named is flooded and communication interrupted. It is estimated that between Darjeling and Kurseong alone three hundred persons have lost their lives. The line between Darjeling and Honanda will be blocked, probably for two months. Both the upper and lower Pugiajhors have been carried away. A number of bodies have been recovered on the Happy Valley estate. The soldiers of the Munster regiment are searching for bodies and clearing the roads.

MARSHAL KILLED.

Sturgis, Mich., Sept. 27.—Marshal John Craig was killed here yesterday morning while attempting to arrest three tramps who were riding in a box car on the Grand Rapids road. After the shooting the men jumped from the train and fled. Sheriff Avery and a posse are in pursuit, but have not yet overtaken the murderers. The city of Sturgis offers $500 for the capture of the men.

GOLD COMING SATURDAY.

New York, Sept. 27.—J. & W. Seligman & Co. have engaged $750,000 gold in London for shipment to America on Saturday.

Workmen are enlarging and improving the gate lodge at Lindenwood cemetery.

DULL AND FIRMER

WAS THE CONDITION IN THE WHEAT MARKET.

AN ADVANCE IN DECEMBER

MARKET BRACED BY LATER FOREIGN NEWS.

RECEIPTS NORTHWEST LIGHT

THE NEWS OF THE MARKETS IN GENERAL.

Chicago, Sept. 27.—Wheat was exceptionally dull but firm today. Liverpool showed a slight opening decline, influenced by yesterday's action of this market, but recovered later on the unsettled South African situation, and prices had at the opening reflected the recovery in the foreign market. December opened ⅜@⅝c higher at 73¾@73⅞c, with moderate buying by the local crowd and after an advance to 73⅝@73½c took place. The northwest was a good seller of the advance, and there was a marked realizing movement by local longs, December reacting to 73¼c, but the check to the advancing tendency of the market was temporary, the December prices soon after reaching 73½@73⅝c under fair general buying. Offerings of December were light. September was offered more freely. It opened ⅛c higher at 74½c and declined to 73⅜c, reacting later to 73⅝c.

Duluth receipts were again light, but Minneapolis receipts brought the total northwest up to 978 cars, against 721 last week and 997 a year ago.

Complaints were made of a scarcity of cars for grain shipment at Duluth and adjacent territory. Chicago receipts were 183 cars, none of contract grade.

There was a big addition to local contract stocks from private houses.

Corn was fairly active. There was no demand for September, and a little selling pressure, in which elevator people were prominent, resulted in a sharp decline. December was heavy in sympathy. Receipts were liberal, 791 cars, and cables were high. Shorts were made the buyers at the decline. December opened 30@30½c, declined to 29⅞c and recovered to 30c. September opened unchanged at 34½c, declined to 33⅝c and recovered to 33½c.

Trading in oats was dull and without feature. Prices held at a slight advance with wheat. Receipts were 182 cars. December opened ⅛c higher at 22⅞c and sold at 22⅝@22⅞c.

Provisions were dull and heavy and trading was featureless, mainly in the way of changing. January pork opened 5c higher at $9.80 and eased off to $9.77½. January lard opened a shade higher at $5.57½ and advanced to $5.60. January ribs opened 2½c higher at $5.12½ and held at that price.

THE CLOSE.

Prices at the close were as follows:

Wheat—Sept., 74⅜c; Dec., 73⅜c; May, 75⅝c.

Corn—Sept., 33c; Oct., 31⅞c; Dec., 30c; May, 30½c.

Oats—Sept., 22⅝c; Dec., 22⅞c; May, 24c.

Pork—Sept., $8.22; Oct., $8.22½; Dec., $8.35@8.37½; Jan., $9.82½.

Lard—Sept., $5.42½; Oct., $5.42½; Dec., $5.50; Jan., $5.62½.

Ribs—Sept., $5.12½@5.15; Oct., $5.12½@5.15; Dec., $5.07½@5.10; Jan., $5.10.

Flax—Cash N. W., $1.12; Cash S. W., $1.11; Sept., $1.11½; Oct., $1.10; Dec., $1.09.

CHICAGO LIVE STOCK.

Chicago Sept. 27.—Estimated receipts of hogs today, 30,000; tomorrow, 28,000; left over, 2,487. Market steady. Mixed and butchers, $4.40@4.77½; good heavy, $4.40@4.72½; rough heavy, $4.15@4.30; light, $4.45@4.85.

Cattle—Receipts, 18,000. Market steady to firm. Beeves, $4.45@6.60; cows and heifers, $1.75@4.85; Texas steers, $3.40@4.15; stockers and feeders, $3.00@4.85.

NEW YORK PRODUCE.

New York, Sept. 27.—Butter—Receipts, 1,684 pkgs; market steady; western creamery, 17@23c). June creamery, 19@22c; factory, 13½@15½c.

Cheese—Receipts, 2,262 pkgs; market firm; large white, 11c; small white, 11¼@11½c; large colored, 11¼@11½c; small colored, 11½c.

Eggs—Receipts, 9,218 pkgs; market steady; western ungraded at mark, 13@18c.

Sugar—Raw, easy.

Coffee—Steady.

THE DAY ON WALL STREET.

New York, Sept. 27.—Small fractional gains were the rule at the opening in sympathy with the better tone of foreign markets. Atchison preferred rose ⅜ and Brooklyn Transit and Metropolitan about a point. Tennessee Coal after rising ¼ dropped a point. The trading was very quiet.

There was a great deal of irregularity in the high-priced specialties. Pullman dropped 3 points on a heavy increase in assessment. Tennessee Coal and American Tobacco and Continental Tobacco lost 1 to 1½. Improvements were made in the local issues. Sugar and Grangers and Metropolitan rising 2⅛. Chicago Great Western preferred was feverish, but ruled about 2 points higher. Lackawanna and Rio Grande Western preferred held 2 points, rising, but Buffalo, Rochester and Pittsburg slumped 1½ points to 85 and hardened to 87½.

The continuance of tight money, transactions being at 15 per cent., undermined the improved tendency and there was considerable liquidation in spots. Tennessee Coal was most affected, declining an extra 6½ to 108.

A point or so was clipped off of American Tobacco, Sugar, Brooklyn Transit, Manhattan, People's Gas, Colorado Fuel and Federal Steel. Except sharp fractions in the Grangers there was no material response in the railways.

Sales of stocks to noon, 176,212 shares.

Bonds were neglected but steady.

Prices were marked up in the last hour on vague rumors of further extensive gold imports. The leading specialties, including Tobacco, Sugar, Brooklyn Transit, Metropolitan and Tennessee Coal were most prominent. Pullman recovered its 3 point loss. Southern Pacific rose to 38. Otherwise the railways were not much affected, they ruling at top prices. The closing was dull and firm, slightly below the best at net gains, which exceeded a fraction only in the case of a few specialties.

THE MONEY MARKET.

New York, Sept. 27.—Money on call strong at 12 per cent; prime mercantile paper, 5½@6 per cent; sterling exchange steady with actual business in bankers' bills at $4.85⅞@4.85 ½for demand and at $4.81¾@4.82 for 60 days; posted rates, $4.83 and $4.86½; commercial bills, $4.80½@4.81; silver certificates, 59@60c; bar silver, 58½c; Mexican dollars, 47¼c.

THE BOND MARKET.

New York, Sept. 27.—Government bonds steady:

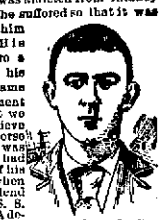
Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.



My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse, until his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific,

S.S.S. For The Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

PHYSICIANS.

DR. B. GARD—To ladies' suffering from ailments peculiar to their sex, may consult me free of charge at my office, 18 W. Wayne street. Telephone 245.

QUICK CURE—EASY TO BE WELL.

1142 West State Street, Jacksonville, Fla., Jan. 3rd, 1899.

I am a great sufferer. My monthly period lasts for twelve days and I suffer all over from it. The pains are severe in the head, neck, back, arms and legs. I have bearing down pains, with numbness and dizziness, and am very nervous. I also have whites, and am troubled with indigestion. My little girl brought your Ladies' Birthday Almanac to my room and laid it on my bed and I am writing to know if you think you could benefit me.

Mrs. B. R. BROWN.

Jacksonville, Fla., Jan. 23d, 1899.

I must write to tell you I am in better health than for four years. I wrote three weeks ago for advice. I thank you and the all-wise Creator for what your wonderful Wine of Cardui did for me. I was in a terrible condition, but am now thoroughly sound and well. I sometimes think I am a different woman. I find more pleasure in life than ever before. I see how much I have missed. I was so run down and unattractive I had begun to think my husband was tiring of me. I was such a burden to him. But he shows his love for me now in every way and says I am better looking than ever. I am grateful to your medicine for much happiness.

Mrs. B. R. BROWN.

McELREE'S Wine of Cardui

These earnest letters show how easy it is for a woman to be well and happy. Let every suffering, despondent woman profit by Mrs. Brown's experience. Never say again that you cannot be strong or well. McElree's Wine of Cardui, taken as directed, will give you strength and health, joy and gladness. It will make your home a happy one. Don't be a burden to your loved ones. It's easy to be well if you take Wine of Cardui. BUSY ON THE ROAD

EAST DIVISION OF PITTSBURG BORROWS ENGINES.

ITS OWN POWER INADEQUATE

THE GREAT CONVOY YARDS OVERCROWDED.

OFFICIALS OF PENNSYLVANIA MEET TO DISCUSS MATTERS CONCERNING SHOPS.

Yesterday The Sentinel mentioned the fact that a shortage of power existed on the western division of the Pittsburg, Fort Wayne and Chicago road and that business was hampered thereby. It seems that the situation on the eastern division is even worse than the conditions which prevail here. The situation there is thus stated by a Pittsburg paper: "On Saturday the Pittsburg, Fort Wayne and Chicago road carried the heaviest business in the history of the line. There was not an idle bit of locomotive power, and train crews worked hard and over-time. When the Sunday clearing-up began on the eastern division there were accumulations that tested the capacity of all the big yards between Crestline and Pittsburg. Thousands of loaded freight cars were on the road. The big Conway yards, with a capacity of 2,500 cars, were crowded. The Alliance, Canton and Crestline yards were also substantially full. Besides the extra business coming to the road, a shortage of motive power has been responsible for the accumulations. Ten new moguls were received for use on the Fort Wayne from the Altoona shops. These locomotives are among the largest ever turned out of the Altoona shops and the ten received by the Fort Wayne are understood to be loaned so as to relieve the immense movement of freight. The big movement on the Fort Wayne on Sunday was also felt by other divisions. To avoid needless car shortage by allowing shippers to hold cars given them as long as they wish, the Panhandle has assigned some of its men to the duty of watching these cars and to hurry their loading and unloading. It is a new position, temporary perhaps, occasioned by the shortage of cars, and those doing the work are expected to facilitate things and to relieve the work of trainmasters and freight agents. Railroad managers have sent out numerous circulars to freight men urging that this plan be watched carefully. On some of the roads the lost-car man, whose duties include those of the new positions on the Panhandle, has been a regular employe. The rush on the West Pennsylvania in freight has caused every piece of reserve motive power to be pressed into service. On Saturday three new class 'H 3' locomotives were pressed into service. These are big freight engines, being the largest of the Pennsylvania, a short time ago, when they were known as class 'R.' The Fort Wayne road last week carried 18.9 per cent. of the eastbound tonnage out of Chicago, leading all other roads."

CHANGE OF ENGINEERS.

Yesterday John Kelley retired from the position of stationary engineer at the Wabash shops and will seek employment elsewhere. He was succeeded by Elza Emrick, formerly employed as a shop hand.

MOVING TO FORT WAYNE.

The Huntington Herald says: "R. W. Vaughn, superintendent, and J. H. Frame, foreman, of the Withington factory, are at present engaged in moving their household goods to Fort Wayne, where they will reside in the future. Mr. Vaughn went to that place on the 11:12 Wabash train today, but Mr. Frame and the two families will not go there before tomorrow or Thursday."

RETURNS TO THE PITTSBURG.

A. E. Jacoby, who left Fort Wayne some time ago to accept a position on the Chicago, St. Paul and Minneapolis railroad, has resigned his position on that road and has accepted one with the Chicago Terminal division of the Pittsburg road, in the office of Superintendent C. H. Walton. Mr. Jacoby receives a much larger salary in his new position.

GO TO MEET DEWEY.

A party of gentlemen from Chicago, composing a committee sent to New York to invite Admiral Dewey to take part in the fall festivities at Chicago, passed through the city last evening in a special car attached to No. 8. The party is composed of several of the leading business and professional men of Chicago.

MEETING OF SHOP OFFICIALS.

Master Mechanic W. F. Beardsley, of Allegheny; Master Mechanic G. P. Sweeley, of Wellsville; Car Foreman Abe Fisher, of Wellsville, and General Foreman Charles W. Cross, of Allegheny, all Pennsylvania men, are here today consulting with the officials of the Fort Wayne shops on matters pertaining to their respective offices.

MOVING A FREIGHT HOUSE.

The proposed improvements at Peru, mentioned in The Sentinel several days ago, are now in progress. Today the Wabash had its freight house moved to the west side of Broadway, to make room for a warehouse addition and yards. The company's store house, where all supplies are kept, was also moved from Butler, Ind., to Peru today, new and commodious quarters having been provided in the latter place for that purpose.

INDUSTRIAL NOTES.

C. H. Tweedy, a carpenter employed in the Pittsburg shops, has gone to Chicago to spend a few days.

C. E. Myton is a new brakeman on the Nickel Plate road. He commenced work there yesterday.

Dr. E. F. Wagner, of the Pennsylvania Voluntary Relief association, returned from Pennsylvania this morning, relieving Dr. A. W. Tucker.

The Grand Rapids and Indiana road this morning carried seventy-one members of the G. A. R. from this city to Walcottville, where the Eighty-eighth Indiana regiment is today holding a reunion.

Charles Rohlman, boilermaker's helper, has resigned his position in the Wabash.

George Woods, of the electric works, is in Conneaut, Ohio, looking after some business for the company.

Fireman A. C. McMullen, of the Pittsburg, is nursing a lame foot, which was sprained a few days ago.

Passenger engine 171, of the Nickel Plate, is again in service after receiving light repairs at the Stony Island shops.

Guy Hughes and Thomas O'Rourke have gone to Peru and James Lowry has gone to Ashley on business for the Wabash company.

T. Dickinson, formerly a locomotive engineer on the West Shore, has been appointed master mechanic of the Rutland & Canadian road.

Brakeman A. A. Staley, who had the misfortune to lose his child by death last week, resumed his duties on the Nickel Plate yesterday.

The official classification committee will meet in New York, October 17, to draft the new and amended classification rule, to take effect the first of next year.

The Chesapeake & Ohio is erecting at Newport News a grain elevator costing $500,000 and an elevated structural work in Richmond, Va., costing $1,500,000.

The Lackawanna proposes to get the good will of editors of newspapers along its line, and to that end has extended to them free transportation to witness the Dewey parade on Friday next.

Employes of the Lackawanna object to being paid in checks, and brought the matter before the attorney general of New York, who decides that payment in checks is not in compliance with the law and that employes must be paid in cash.

Freight officials in Buffalo have been asked to bid on the transportation of 13,500,000 baskets of grapes, which will fill about 4,500 cars. The shipments are from the Brockton district, N. Y. The grapes are shipped to the west as far as Denver, Col.

The Republican Iron and Steel company has dismantled one of its mills at Alexandria, Ind., and will ship the old material to Sharon, Pa., as scrap. There were forty carloads and there is quite a strife between the roads to see which will get the business.

The ninth annual convention of the Association of Railway Superintendents of Bridges and Buildings will be held at Hotel Cadillac, Detroit, October 17 to 19, inclusive. The afternoon of the 19th will be devoted to visiting places of interest in and around Detroit, and after the convention an excursion will be given to Niagara Falls and return.

The newest railway employes' cooperative institution has been started by the Cotton-belt men, the employes going into the banking business, intending to pay especial attention to savings deposits. An office will be opened at Pine Bluff, Ark., a capital of $500,000 is authorized, and of this amount $112,000 has been paid in almost exclusively by employes of the Cotton-belt road. It is proposed to pay 4 per cent. annually on time investments. R. M. Galbraith is president and J. E. Boyce secretary and trensurer of the association.

Bert Olds is out after five weeks' confinement with the typhoid fever. He hopes to be able to resume the duties of his office at Jeffersonville, Ind., in a few days. Mr. Olds came here to visit his folks, when he was taken ill.

The electric works today shipped two 40-horse power motors to Bathe, Maine.

I. B. Powell, a flue setter in the Wabash shops, is sick and has gone to the company's hospital at Peru.

George C. Nicol, foreman of the boiler department of the Wabash, is looking after affairs in Peru today.

Stenographer Remmert, of Captain Stoll's office, has recovered his health and resumed work after an absence of several weeks.

A big piece of timber rolled over upon the foot of William Krudop, of the Pittsburg shops, yesterday, and severely bruised his heel.

H. C. F. Boland and Christ Starke, who were injured in the Pittsburg shops some days ago, have recovered and this morning resumed work.

Fireman Frank Maloney, of the Nickel Plate, sprained one of his shoulders while out on his run a few days ago. The injury will keep him from his work for a few days.

William C. Slater, of the Bass offices, was twenty-one years old yesterday and to commemorate the day his father presented him with a handsome gold watch and chain.

Fred Gorham, of Grand Rapids, visited with his brother, Superintendent C. D. Gorham, of the Nickel Plate road, between trains yesterday. Mr. Gorham is going to visit friends in the east.

Conductor D. B. Denbow, of the Nickel Plate, has taken a week's vacation, which he will spend in visiting friends and relatives in and about Newcastle, Pa. He formerly resided in that city.

Edward Schechler has taken a position in the Bass machine shop. For seven years he conducted a little machine and repair shop at Bucyrus. Mr. Schechler worked in the Bass shops before going to Bucyrus.

His old enemy—rheumatism—has taken hold of Nickel Plate Engineer Joseph Bracht again and he is unable to perform his duties at the throttle. Last winter Mr. Bracht was disabled by this disease much of the time.

William Hurlbut, Nickel Plate fireman, has been resting for two or three days. When he reports for duty it will be to fire a switch engine in the yards in this city. He has been in the through freight service.

Mrs. Addie L. Houston, whose husband was killed by an explosion of a locomotive boiler on the Missouri, Kansas and Texas road last July, has sued the company, alleging $10,000 damages. The deceased was a fireman.

Nickel Plate Engineer Ed. Wolf is entertaining his sister, whom he had not seen for eight years until her arrival here yesterday. He is taking a leave of absence from the road in order that he can the better entertain his visitor.

The earnings of the Wabash road continue to show a gratifying increase over last year. The third week in September showed an increase over the corresponding month of last year of $36,438.61. The earnings were $346,111.94.

Adam Hamm, machinist, has resumed work in the Pittsburg shops, having recovered from an attack of typhoid fever that confined him at St. Joseph hospital for six or seven weeks. Apparently he is now in good health, though still a little weak.

The largest cargo of railway material that has ever gone from an American port was cleared from Philadelphia on Saturday last aboard the British steamer Puritan. It consisted of forty locomotives and eighteen steel bridges for the Chinese Eastern railway, now in course of construction under the supervision of the Russian authorities, with the financial aid of the Russo-Chinese bank. A similar cargo is now loading there destined for Russian Black sea ports.

The grand jury at Owensboro, Ky., has returned indictments against the Louisville and Nashville, Illinois Central and Louisville, Henderson and St. Louis for violation of the Kentucky separate coach law. The roads are charged with failing to furnish to the colored passengers cars and coaches of equal quality and convenience or accommodations as those furnished to the white passengers. The grand jury at Elberton, Ga., has indicted the Southern and Seaboard Air Line roads for violation of the separate coach law of that state in hauling white and colored passengers in the same coaches.

KENNEDY EASY FOR MAHER.

New York, Sept. 27.—Another "phenomenon" was exploded at the Lenox Athletic club last night before an assemblage of fully 5,000 persons. Joe Kennedy, the California heavy weight, did not last two rounds with Peter Maher. He possessed some skill, but the fearful force of Maher's bows was more than he could combat. The westerner reached Maher in the opening round, but his adversary was back at him in return. Maher took Kennedy's punches without flinching, while Kennedy plainly awakened under Maher's fearful pummeling. Despite its brevity the battle of the big ones was not uninteresting and the crowd filed out without a murmur. Maher left the ring without a blemish, scarcely realizing that he had solved the supposedly difficult proposition that made a transcontinental trip to give him battle. Betting before the fight was at even money. No large wagers were made. The bout was scheduled for twenty rounds.

NEW PRESIDENT OF WABASH.

Crawfordsville, Ind., Sept. 27.—Dr. William P. Kane was elected president of Wabash college at a called meeting of the board of trustees yesterday. The meeting was held to select a successor to President Burroughs, who resigned last June. The new president will assume the duties of his office on the first of the coming month. Dr. Kane is one of the most widely known and prominent Presbyterian ministers in the middle west. At fifty-one years of age he is in the prime of his intellectual vigor and clerical scholarship. He began his classical studies in Westminster college and completed them at Monmouth. In 1884 Dr. Kane came west to accept a call from the Second church of Lafayette, Ind., in the service of which he labored eight years. He left it to go to Bloomington, Ill., as pastor. In 1892 he became the director of the educational department of the Winona Assembly. This new guild of labor embraced the duties of president of the summer school, the management of the reading circle and the principal editorship of the Winonian. While residing in Indiana Dr. Kane was chairman of the synodical committee on home missions and organized what is known as the "Indiana plan" of controlling the home mission business of the church. After his removal to Illinois he was soon brought into the same connection with the synodical committee of that state. Dr. Kane has been a trustee of Wabash college since 1890, the greater part of which time he has served as president of the board.

No Money to Throw Away.

Whenever a merchant advertises anything except the absolute truth; whenever he says anything in the papers that he cannot prove in his store, the people will soon find it out and pay no attention to the "ads." Then the money is simply thrown away.

We have no money to throw away. We want every dollar we spend in the newspapers to bring us good results, and We know that the only way to do effective advertising is to confine our advertisements to truthful statements of facts. The people know that when Sam, Pete & Max advertise anything in in the papers, it is to be found in the store. When we tell that we carry by far the largest stock of Men's, Boys' and Children's clothing in the city, we tell the truth, and a glance through our store will prove it to anyone. When we tell you that we have this season the best stock we have ever shown we tell the truth. When we tell you that we sell good clothing cheaper than any house in this section, we tell the truth. Take a peep into our store. Give us a few moments of your time and be convinced that Sam, Pete & Max are THE clothiers of Fort Wayne, and that we do what we advertise. Look out for your own interests, and trade where you know you get your money's worth or your money back.

The industrial parade feature of the barbecue and carnival is assuming shape and proportions not expected by the committee. The committee is small and no effort was made until this morning to solicit merchants to turn out. Up to noon eighteen prominent firms agreed to make a display and before business closes this evening the list will be much larger. It is impossible for the committee to call on every merchant and manufacturer, but all who are willing to take part in the same are requested to send in their names to either Joseph T. Hanna, of the committee, or to Secretary Frank Purcell. The parade will be held on Thursday forenoon. The civic parade will be participated in by the city officials, police, fire department, etc., and a succession of surprises is promised.

QUIETLY WEDDED.

Announcement of the marriage of Miss Frankie May Eldred and Charles B. Bowen, which occurred Tuesday evening, will come as a distinct surprise to the friends of the contracting parties. The ceremony was quietly performed at the home of the bride's parents, Mr. and Mrs. H. P. Eldred, 24 Baker street, at 8 o'clock, and the officiating clergyman was Rev. L. L. Henson, of the Baptist church. Palms, ferns and cut flowers beautified the rooms, and only the immediate relatives were present. Following the ceremony was an elaborate wedding supper. Mr. and Mrs. Bowen left for Chicago on a brief wedding trip, and will be at home in this city after October 8.

CAME TO NAUGHT.

The following gentlemen were at the conference in the Commercial club rooms Tuesday: S. B. Bond, Charles McCulloch, C. H. Worden, J. M. Barrett, Charles Pape, G. W. Pixley, John Dreibilbiss, J. F. Meyer, Frank Alderman and H. C. Bergholf. They discussed the proposed plans for building the big intercepting sewer and after Mr. Bergholf explained that the money could be collected by assessment only and Mr. Barrett backed him up in the statement that the persons advocating a levy abandoned all hopes of getting a petition before the council and the conference came to naught. The meeting has developed some unexpected opposition to the sewer, however, and it is probable an effort will be made to prevent the city from constructing it. Charles McCulloch, it is stated, favors dredging the river and building a dam south of the city across the St. Mary's and at intervals open flood gates and allow the water to carry off the debris.

Tooth Brush Troubles

You've had 'em. So have we. That's why we've put in a line of warrantable goods. No bristles coming out by the bunch, making you feel as if you'd swallowed a hedgehog. No flimsy, disappointing brushes, but satisfactory goods which we can warrant. We've dentifrices as warrantable as our brushes, and a large line of toilet articles in general. Get your next tooth-brush at
